Dear Ms. Timmins:

ZONING AGREEMENT AMENDMENT
145 Powers Street
Lord Selkirk – West Kildonan Community
File No. ZAA 7/02

An application has been received from the Manitoba Housing & Renewal Corporation to amend the Zoning Agreement affecting the property at 145 Powers Street, which will allow permitted land uses in a 'RM-6' Multiple Family Residential District.

RELATED FILES: DAZ 74/73; Zoning By-Law 509/73

SITE DESCRIPTION:

Site Area, Existing Land Use, and Zoning:

The subject property is currently zoned 'RM-6' Multiple Family Residential, and a portion of the site is occupied by an existing multi-storey residential building. The property is restricted in terms of land use to senior's housing via a zoning agreement, and is approximately 13,000 square feet (0.3 acres) in size.

Surrounding Land Use and Zoning:

North: A public lane, then detached residential (R2-T)
South: Selkirk Avenue, then attached & detached commercial buildings (C1.5)
East: Attached & detached commercial and residential buildings (C1.5)
West: An open space, then attached & detached commercial buildings (C1.5)

DEVELOPMENT DESCRIPTION:

The applicant, Manitoba Housing & Renewal Corporation, has requested that the current zoning agreement be amended to allow all uses permitted in a 'RM-6' Multiple Family Residential District, as defined by City of Winnipeg By-Law 6400/94. At present, the use of the property is restricted to seniors housing by the existing zoning agreement.

This application was originally filed in 2002 as a zoning agreement amendment to add non-accessory antennae (cellular communications antennae) as a permitted use; however, the applicant requested that the application be placed on hold owing to public opposition to another non-accessory antennae proposed in the area. The applicant still wishes to construct the antennae on the top of the existing building, and has proposed to co-locate the antennae on the existing penthouse structure. A small equipment shelter is also proposed to be located on the roof of the building as part of the antennae apparatus.

PLAN WINNIPEG:

The subject property falls within a designated Neighbourhood Policy Area under Plan Winnipeg, which allows for mixed use, commercial, and residential development; thus, the proposed zoning agreement amendment is in conformance with Plan Winnipeg 2020.

ADMINISTRATIVE COMMENTS:

The Planning & Land Use Division has no objections to the proposed zoning agreement amendment. Given the low intensity nature non-residential uses permitted in a 'RM-6' Multiple Family Residential District by City of Winnipeg By-Law 6400/94, such as offices, day care, and limited ground floor retail, the potential for negative impacts on surrounding properties is low. Moreover, permitting non-accessory antennae on-site will encourage the collocation of cellular

antennae on existing vertical structures, and not on new cell towers, which is consistent with the City of Winnipeg's policies regarding cellular antennae.

Given that the existing zoning agreement deals solely with restricting the use of the land to seniors housing, the Planning & Land Use Division recommends that the zoning agreement be discharged, and that land use on this property by governed by City of Winnipeg By-Law 6400/94.

RECOMMENDATION:

I. That Zoning Agreement Caveat No. 228072 under file no. DAZ 74/73, dated November 7, 1973 (By-Law # 509/73) be discharged.

II. That the City Solicitor be requested to discharge Zoning Agreement DAZ 74/73 (By-Law # 509/73), dated November 7, 1993, as approved in aforesaid Clause I.

III. That the Proper Officers of the City are hereby authorized to execute said discharge.

IV. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Yours truly,

C. Knoll
Manager of Planning and Land Use
