11. Building homes on former federal land. The City and Ottawa say the need for new homes is urgent. This project seems to be failing to deliver. Are we halfway through 10 years of waiting to see those homes built? Since Ottawa no longer owns the land, it may be too late to speed things up. Does anyone have influence over the new landowners? For 12 years, the city has been blocking building 2000 homes near Parker Ave. There are large tracts of land across Winnipeg that should have homes built on them. Why are local media silent on this? If we need more homes, why not simply approve the permits? This reminds me of the problems that were in the headlines in 2010-2012, when a few folks in Plans approval failed to do their job in a timely manner. Until a Councilor stepped in, it was common for a subdivision to wait over a year for a simple permit. Why have all the failures to issue permits not been investigated by the city auditor?
