I am writing to express my strong support for dedicated bike lanes and traffic calming on Wellington Crescent, particularly along the stretch between River Ave and Academy.

As a River Heights family that bikes year-round, we have always found section of road unsafe for cycling. The addition of dedicated bike lanes on River Ave and Stradbrook Ave has highlighted the need for similar infrastructure along this stretch of Wellington to ensure safety for cyclists and a connected bike network.

Winnipeg has made significant strides in bike infrastructure, but our network remains incomplete. Connecting existing paths and addressing gaps is essential—not just for convenience, but to create a safer, healthier city for all residents, especially children and vulnerable road users.

I urge the City to prioritize dedicated bike lanes on Wellington Crescent to prevent future tragedies and make our streets safe for everyone.
