Comments
Most motorists use Cambridge as a highway from academy to Grant or Taylor. That's not just figuratively speaking, many are going over 50km/hr. Lowering the speed limit of Cambridge might deter motorists from using it as an arterial road, which it is not. It would reduce traffic noise for the neighbourhood. It would be more inviting for cyclists and pedestrians. Potentially lead to less accidents.

Public engagement (optional)

I consent to being contacted to participate in potential public engagement related to this matter.
No
