EXECUTIVE SUMMARY

The current Lot Grading By-law No. 7294/98 (the "By-law") was enacted by Council on September 29, 1998, and came into effect on January 1, 1999. It allows for an appeal of any Order or decision made under this By-law to the Designated Committee, which is currently the Standing Policy Committee on Water, Waste and Environment.

Council's decision on November 23, 2023, directed the administration to create a new hearing body to settle appeals related to the By-law and to amend the By-law accordingly.

Unlike many other By-laws, the Lot Grading By-law, does not have a fee associated with an appeal. As part of this amendment, a $331.00 appeal fee is being included in the annual Fees and Charges Schedule.

The current By-law also contains a Schedule "A", which is no longer relevant and should be removed.

RECOMMENDATIONS

1. That Council enact an amendment to the Lot Grading By-law No. 7294/98 (draft amending by-law is attached as Appendix A to this report) to create a new hearing body that will be assigned to address appeals of orders and decisions under the Lot Grading By-law.

2. That a Lot Grading By-Law appeal fee of $331.00 be established effective March 1, 2025, and to thereafter be identified on the Fees and Charges Schedule.

3. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

On November 23, 2023, Council concurred in the recommendation of the Standing Policy Committee on Water, Waste and Environment and adopted the following:

1. That the Lot Grading By-law No. 7294/98 be amended to designate appeals as follows:
    A. Where an appeal from an order or decision is authorized by The City of Winnipeg Charter, the appeal may be made to a hearing body consisting of:
        i. The Chief Administrative Officer of the City;
        ii. The Chief Financial Officer of the City;
        iii. The Director of Planning, Property and Development; and
        iv. The Director of Water and Waste
        or their delegates.

By-law amendments require Council approval.

IMPLICATIONS OF THE RECOMMENDATIONS

The amendments contained in the proposed Lot Grading By-law will result in:

a) A new designated hearing body for compliance order appeals
b) The addition of a $331.00 fee for compliance order appeals

HISTORY/DISCUSSION

The current Lot Grading By-law No. 7294/98 (the “By-law”) was enacted by Council on September 29, 1998, and came into effect on January 1, 1999. It provides direction under section 4(7) that a decision to deny a lot grading permit, and under section 9(3) that an appeal from any Order or decision made under the By-law, may be made to the Designated Committee in accordance with The City of Winnipeg Charter.

For the purpose of this By-law, the “Designated Committee” is the Standing Policy Committee on Water, Waste and Environment.

Council’s decision on November 23, 2023, directed the Public Service to create a new hearing body to determine appeals related to this By-law and amend the By-law accordingly. This hearing body will be made up of:

- The Chief Administrative Officer of the City;
- The Chief Financial Officer of the City;

- The Director of Planning, Property and Development; and
- The Director of Water and Waste;

  or their delegates.

The Chief Administrative Officer of the City or his or her designate shall serve as the Chair of the hearing body, and the Chief Financial Officer of the City or his or her designate be the Vice-Chairperson.

The proposed amendment will give affect to Council's prior decision and consolidate the appeal provisions.

This report also recommends the following changes to the By-law:

1. The addition of a fee associated with an appeal

   The addition of a fee aligns with the Sewer, Water and Neighbourhood Livability By-laws where a non-refundable appeal fee is included.

   The fee will be outlined in the annual Fees and Charges schedule. Starting March 1, 2025, consistent with the wastewater and water appeal fees, this will be $331.00.

2. Remove references to Schedule "A" in the By-law

   The current By-law also contains a Schedule "A" which identifies related Fees and Deposits; this information is out of date and must be amended or removed. Additionally, this information is now contained in the Fees and Charges Schedule which is updated annually.

   Schedule "A" identifies related Fees and Deposits that are now included in the annually updated and Council approved Fees and Charges Schedule.

Appendix A outlines the specific amendments to the Lot Grading By-law No. 7294/98.
