Minutes – Council – February 27, 2025

Minute No. 149
Report – Executive Policy Committee – February 18, 2025

Item No. 8 Subdivision and Rezoning – 22 Granite Way
(Fort Rouge-East Fort Garry Ward)
File DASZ /46/2024

COUNCIL DECISION:

Council concurred in the recommendation of the Executive Policy Committee and adopted the following:

1. That the subdivision proposed under Development Application No. DASZ 46/2024 be approved for preparation as a plan of subdivision (the "Plan") by a Manitoba Land Surveyor for registration in the Winnipeg Land Titles Office in accordance with the proposed by-law attached as Schedule D to this report and as shown on the map dated February 6, 2025, and attached as Schedule B to this report, with such minor changes as may be required.

2. That the Developer shall meet all terms and conditions as outlined in Schedule C, the report of the Administrative Coordinating Group, dated December 16, 2024, to the satisfaction of the Director of Planning, Property and Development.

3. That the Downtown Winnipeg Zoning By-law No. 100/2004 be amended by rezoning the subject land to a "C" Character Sector in accordance with the proposed by-law attached as Schedule D to this report and as shown on the map dated February 6, 2025, and attached as Schedule B to this report.

4. That prior to the issuance of a development permit, the Public Service be directed to work with the proponent and the Granite Curling Club, to develop an adequate parking plan in order to support the operational sustainability of the Club, to the satisfaction of the Director of Public Works and the Director of Planning, Property and Development.

5. That in lieu of the dedication of land, the developer shall provide a cash payment representing 10 percent of the Planned Area value of Development Application No. DASZ 46/2024 (the "Dedication Fee"), as determined by the Director of Planning, Property and Development.

6. That upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare a by-law in accordance with Recommendations 1 and 3 (the "By-law") and bring same directly to Council by way of communication for first reading.

Report – Executive Policy Committee – February 18, 2025

COUNCIL DECISION (continued):

7. That upon instruction from the Director of Planning, Property and Development that the Developer has submitted the Plan in accordance with Recommendation 1 and has paid the Dedication Fee and all other associated ancillary fees (the "Fees"), and subject to s. 236.1 of The City of Winnipeg Charter, the Director of Legal Services/City Solicitor be directed to return the By-law directly to Council by way of communication for second and third reading.

8. That Development Application No. DASZ 46/2024 will be deemed to be concluded and all approvals in connection with same will expire if the developer has not submitted the Plan and paid the Fees within two years following the date on which Council gives first reading to the By-law, unless the developer applies for an extension of time before the expiration of that two-year period and Council approves the extension.

9. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

10. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

11. That the By-law will be repealed without coming into force one year following the date it is enacted if the Plan is not registered in accordance with Recommendation 8, unless the developer applies for an extension of time before the expiration of that one-year period and Council approves the extension.

12. That Development Application No. DASZ 46/2024 will be deemed to be concluded and all approvals in connection with same will expire if the developer fails to secure all necessary Plan approval signatures on behalf of the City within one year following the date on which the By-law is enacted, unless the developer applies for an extension of time before the expiration of that one-year period and Council approves the extension.

13. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Executive Policy Committee – February 18, 2025

DECISION MAKING HISTORY:

Moved by His Worship Mayor Gillingham,
That the recommendation of the Executive Policy Committee be adopted.

Councillor Rollins called for the yeas and nays, which were as follows:

Yea:	His Worship Mayor Gillingham, Councillors Chambers, Dobson, Duncan, Eadie, Gilroy, Lukes, Mayes, Orlikow, Rollins and Sharma	11
Nay:	Councillors Schreyer and Wyatt	2
Absent:	Councillor Allard	1

Carried

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On February 18, 2025, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service with the following amendment:

- Add the following new Recommendation 4, and renumbering the remaining recommendations accordingly:

  "4. That prior to the issuance of a development permit, the Public Service be directed to work with the proponent and the Granite Curling Club, to develop an adequate parking plan in order to support the operational sustainability of the Club, to the satisfaction of the Director of Public Works and the Director of Planning, Property and Development."

and submitted the matter to Council.

STANDING COMMITTEE:

On February 6, 2025, due to a tie vote, the Standing Policy Committee on Property and Development submitted the matter to Executive Policy Committee without recommendation.

PUBLIC HEARING SUMMARY

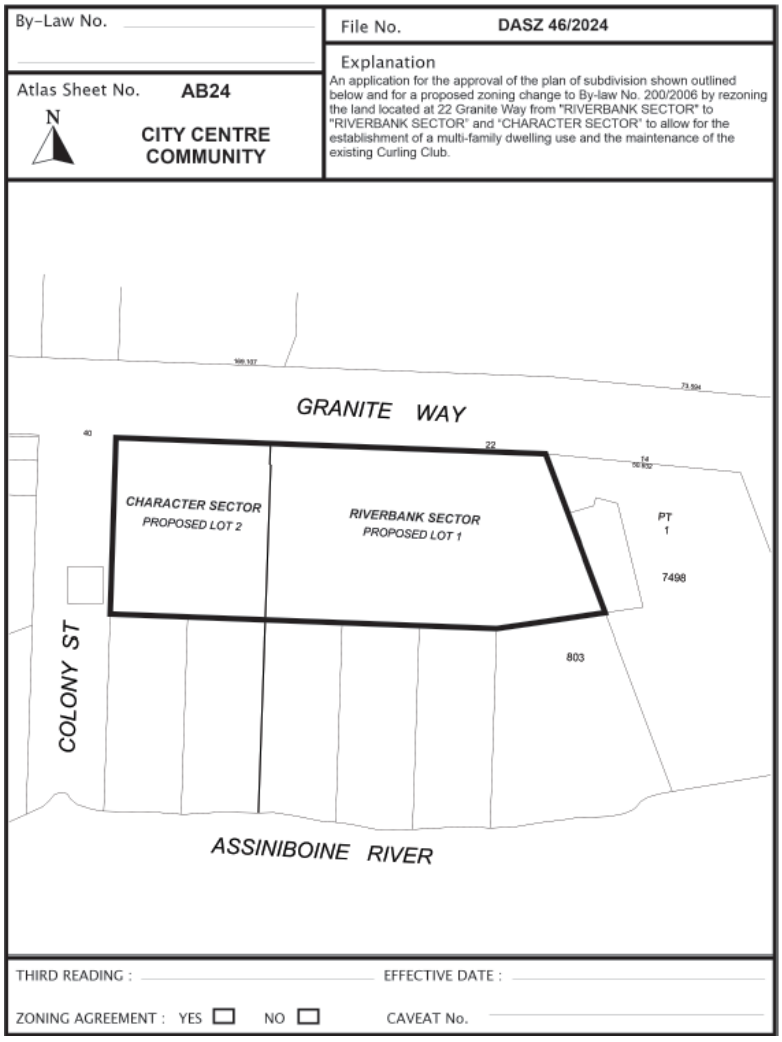

File: DASZ 46/2024

Before: Standing Policy Committee on Property and Development
Councillor Duncan, Chairperson
Councillor Santos
Councillor Schreyer
Councillor Wyatt

ADMINISTRATIVE REPORT

Title: DASZ 46/24 – 22 Granite Way – Public Hearing

Critical Path: Standing Policy Committee on Property and Development – Executive Policy Committee – Council

AUTHORIZATION

Author	Department Head	CFO	CAO
J. Veitch	J. Veitch (Acting)	T. Graham	S. Armbruster, Interim CAO

EXECUTIVE SUMMARY

This report addresses the subdivision and rezoning of the City-owned property at 22 Granite Way (Granite Curling Club) in Winnipeg. The proposal involves subdividing the land into two parcels; Lot 1 would retain the existing zoning ("R" Riverbank Sector) and would continue to operate as the Granite Curling Club and its eastern surface parking lot. Lot 2, the western surface parking lot, would be rezoned to be the "C" Character Sector. The intention is to facilitate the development of affordable housing on Lot 2, aligning with the goals of the Housing Accelerator Fund (HAF) and the City's strategic plans for Downtown development and intensification. More information is provided in Schedule A, Planning Discussion.

The proposed development supports the City's objectives of increasing residential density Downtown, utilizing existing infrastructure, and providing a mix of housing options. It aligns with the *OurWinnipeg 2045 Complete Communities Direction Strategy 2.0*, and *CentrePlan 2050* policies, which emphasize sustainable growth, strategic intensification, and the creation of complete communities.

The applicant has been in conversations with Granite Curling Club about this application impacting the City-owned parking lot, and about the City’s initiative to repurpose the land for affordable housing. In response to parking concerns for Club members, the applicant has engaged with Canada Life across the street about a potential parking arrangement with the curling club.

The report recommends approval of the subdivision and rezoning, subject to the full set of recommendations listed below, to ensure the development meets the City's planning and development standards.

RECOMMENDATIONS

1. That the subdivision proposed under Development Application No. DASZ 46/2024 be approved for preparation as a plan of subdivision (the “Plan”) by a Manitoba Land

Surveyor for registration in the Winnipeg Land Titles Office in accordance with the proposed by-law attached as Schedule D to this report and as shown on the map dated February 6, 2025, and attached as Schedule B to this report, with such minor changes as may be required.

2. That the Developer shall meet all terms and conditions as outlined in Schedule C, the report of the Administrative Coordinating Group, dated December 16, 2024, to the satisfaction of the Director of Planning, Property and Development.

3. That the Downtown Winnipeg Zoning By-law No. 100/2004 be amended by rezoning the subject land to a “C” Character Sector in accordance with the proposed by-law attached as Appendix A to this report and as shown on the map dated February 6, 2025, and attached as Schedule B to this report.

4. That, in lieu of the dedication of land, the developer shall provide a cash payment representing 10 percent of the Planned Area value of Development Application No. DASZ 46/2024 (the “Dedication Fee”), as determined by the Director of Planning, Property and Development.

5. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare a by-law in accordance with Recommendations 1 and 3 (the “By-law”) and bring same directly to Council by way of communication for first reading.

6. That upon instruction from the Director of Planning, Property and Development that the Developer has submitted the Plan in accordance with Recommendation 1 and has paid the Dedication Fee and all other associated ancillary fees (the “Fees”), and subject to s. 236.1 of The City of Winnipeg Charter, the Director of Legal Services/City Solicitor be directed to return the By-law directly to Council by way of communication for second and third reading.

7. That Development Application No. DASZ 46/2024 will be deemed to be concluded and all approvals in connection with same will expire if the developer has not submitted the Plan and paid the Fees within two years following the date on which Council gives first reading to the By-law, unless the developer applies for an extension of time before the expiration of that two-year period and Council approves the extension.

8. That the subdivision section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

9. That the zoning section of the By-law will come into force when the Plan is registered in the Winnipeg Land Titles Office.

10. That the By-law will be repealed without coming into force one year following the date it is enacted if the Plan is not registered in accordance with Recommendation 8, unless the developer applies for an extension of time before the expiration of that one-year period and Council approves the extension.

11. That Development Application No. DASZ 46/2024 will be deemed to be concluded and all approvals in connection with same will expire if the developer fails to secure all necessary Plan approval signatures on behalf of the City within one year following the date on which the By-law is enacted, unless the developer applies for an extension of time before the expiration of that one-year period and Council approves the extension.

12. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

An application has been received from the City of Winnipeg's Land Enhancement Office to subdivide and rezone land at 22 Granite Way. The Development Procedures By-Law (104/2020) specifies that the required public hearings shall be heard by the designated committee, which is the Standing Policy Committee on Property and Development.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Public Service are concurred in, the subject site will be subdivided and rezoned consistent with the map provided in Schedule B of this report. There are no direct financial implications to the recommendations of this report.

BACKGROUND

On November 23, 2023, Council adopted a motion to support the Housing Accelerator Fund (HAF) application to the Federal Government, which included provisions to create a Land Enhancement Office under the direction of the HAF Manager. This office would identify surplus City-owned land that could be leased or sold to affordable housing developers/providers and, if required, prepare the land in terms of ensuring it is properly subdivided and/or zoned to facilitate future development.

On December 5, 2023, the Government of Canada, through the Canada Mortgage and Housing Corporation ("CMHC"), entered into an agreement with The City of Winnipeg (the "City") for $122.4 million in federal funding from the HAF. This funding is based on the City achieving 3,166 net new building permitted housing units and 14,101 in total (including 10,935 units projected to be permitted without HAF) over the next three years. One of the key actions in the

HAF application was the creation of the Land Enhancement Office. The office's mandate is to support the development of affordable, supportive, and mixed-income housing on City-owned land. This initiative focuses on making land available to non-profit, supportive, and Indigenous housing providers to create affordable housing. The office has been created to identify, acquire, consolidate, and rezone sites for higher-density residential development.

On September 26, 2024, Council approved CentrePlan 2050 as a secondary plan by-law. CentrePlan 2050 contains direction related to overall Downtown development, and includes an action item related to development of the surface parking lot to the west of the Granite Curling Club.

On September 26, 2024 Council delegated authority to the Chief Administrative Officer to declare a number of City-owned properties, including 22 Granite Way, as surplus in support of affordable housing development.

The subject rezoning application is being brought forward for Council's consideration in order to prepare the subject land for sale or lease to create housing, including affordable units. More information is provided in Schedule A, Planning Discussion.

FINANCIAL IMPACT

Financial Impact Statement

Date: December 30, 2024

Project Name:

DASZ 46/24 – 22 Granite Way – Public Hearing

COMMENTS:

While payment of subdivision and rezoning fees and cash-in-lieu of land dedication will be payable, given that the City is the applicant, said payments will be in the form of transfers of funds within the City of Winnipeg organization. As such, there are no financial implications associated with this report.

OURWINNIPEG 2045 POLICY ALIGNMENT

OurWinnipeg 2045 Goal: City Building

Objective 1: Responsibly plan, prioritize and accommodate growth in areas that best support *Complete Communities* principles, to achieve this Plan's sustainable development goals.

- Facilitate growth and change strategically within Winnipeg's unique Transformative Areas and Established Neighbourhoods, to enhance the ability of the urban environment to contribute towards this Plan's goals.

Objective 2: Integrate resilient land use, transportation and infrastructure planning, and investments.

- Ensure that land use, transportation, and infrastructure planning are aligned to provide the conditions for compact, complete and connected communities, supported by sustainable transportation options and municipal infrastructure capacity.

Objective 3: Facilitate development opportunities that complete established communities, and plan new communities as complete and connected from the outset.

- New and existing communities are complete when they demonstrate: universally designed environments; mixed-income neighbourhoods; a continuum of housing types; multi-modal connections within and to elsewhere in the city; heritage conservation; opportunities for physical activity, social interaction, and access to health food, daily needs, employment, education, recreation, and green infrastructure.

Applicable Policies for Downtown

6.6 Intensification Target

- Achieve the intensification target by making development in intensification target areas easier and more desirable and predictable, as directed by *Complete Communities*.

6.15 Transformative Areas

- Designate Downtown, Corridors, Mixed Use Centres, Major Redevelopment Sites and New Communities as Transformative Areas within the Urban Structure in Complete Communities, representing lands that provide the best opportunities to accommodate significant growth and change.

6.17 Downtown Economic Investment

- Support development that reflects the Downtown's designation as a Transformative Area and preeminent complete community, as detailed in Complete Communities.

6.18 Downtown Economic Investment

- Facilitate the intensification of Downtown commercial and office uses, innovation, and local enterprises that promote the Downtown as a primary location for economic activity.

6.19 Downtown Economic Investment

- Facilitate the intensification of Downtown residential development that supports the diversity of housing needs, and builds on the character of existing Downtown districts and destinations.

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

Strategic Opportunity #4: Facilitate Compact, Complete Development and Increase Density

- **Key Direction 4.1:** *Increase strategic infill development that provides access to and capitalizes on existing and planned corridors with frequent transit service*
- **Key Direction 4.2:** *Ensure new areas of growth are designed according to the principles of Complete Communities.*

WINNIPEG POVERTY REDUCTION STRATEGY ALIGNMENT

Consideration was given as to whether this report connects to any of the specific Goals and Objectives in the PRS and the proposed subdivision and rezoning would enable the City to lease or sell the land to an affordable housing developer so as to provide affordable housing as per the criteria set out by CMHC or the Province of Manitoba.

SCHEDULE A

DATE: December 18, 2024

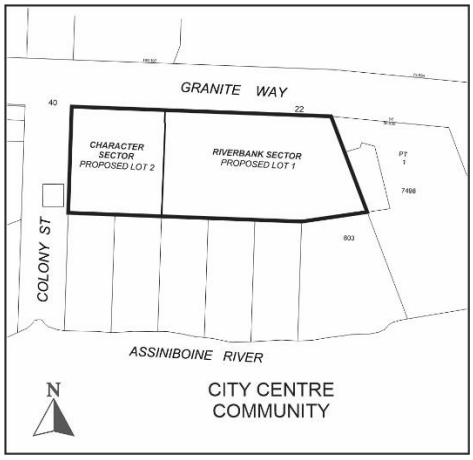

FILE: **DASZ 46/2024**

COMMUNITY: Downtown

NEIGHBOURHOOD #: 1.66 – Legislature

SUBJECT: An application for consideration at the public hearing to subdivide the property with one parcel to remain “R” Riverbank Sector and the newly created parcel to be rezoned to “C” Character Sector.

LOCATION: 22 Granite Way (see map below)

APPLICANT: Richard Mahe
Land Enhancement Office
City of Winnipeg

OWNER: City of Winnipeg

RECOMMENDATION: Approval with Conditions

PLANNING DISCUSSION

SITE DESCRIPTION

The subject property is located east of the most southern portion of Colony Street on the south side of Granite Way with a total frontage of 366.83 feet (111.81 metres) and area of 59,214 square feet (5501.16 square meters). The property is within the Riverbank Sector of the Downtown Winnipeg Zoning By-law 100/2004.

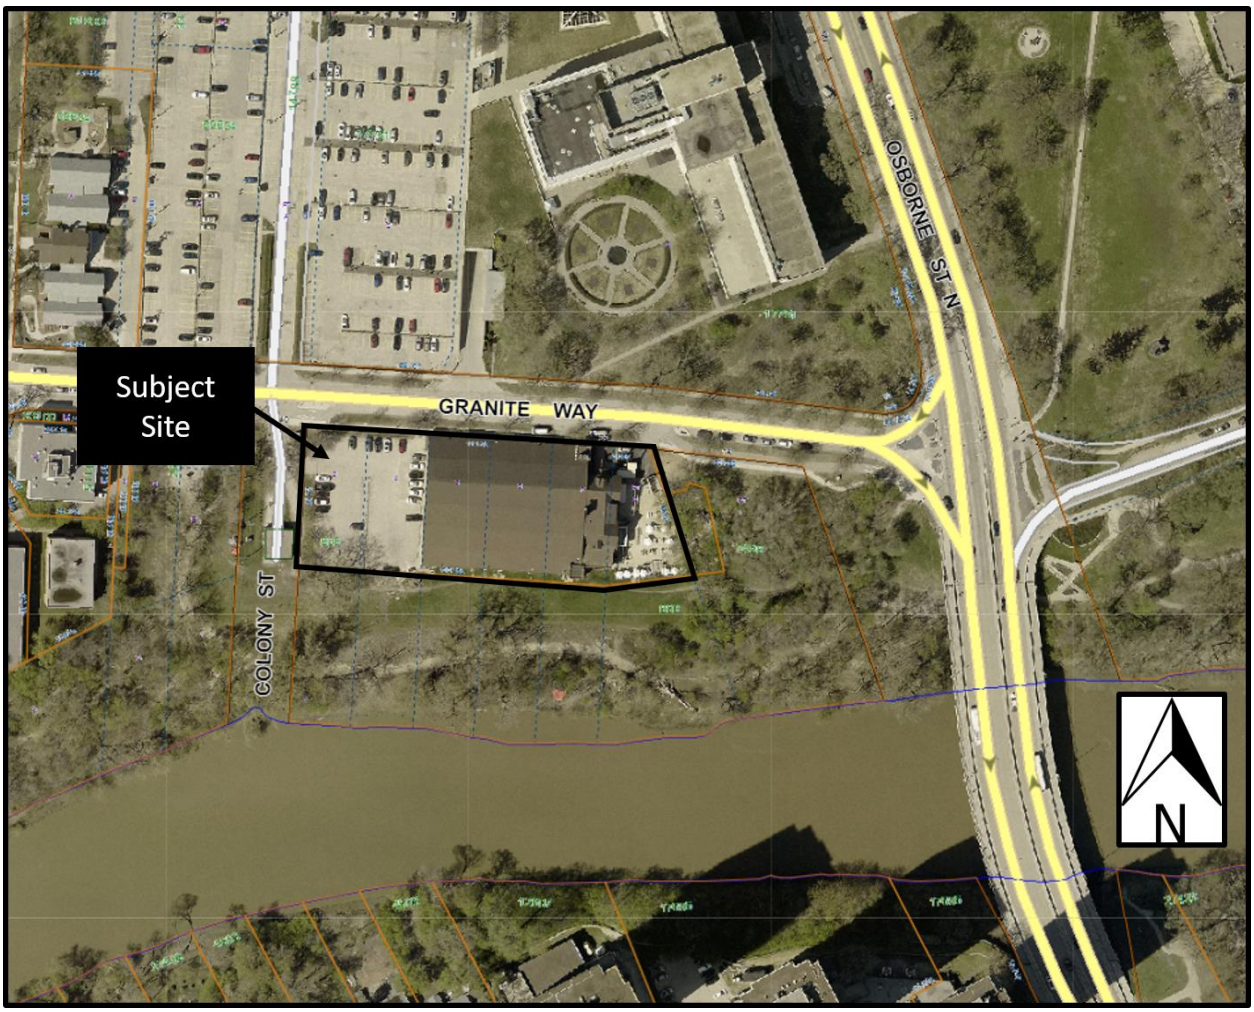

Figure 1: Aerial photo of subject site and surrounding area *(flown 2021).*

SURROUNDING LAND USE AND ZONING (See Figure 2)

North: Granite Way then commercial uses zoned “C” Character Sector.

South: Parkland, including an active transportation pathway, zoned “R” Riverbank Sector.

East: Parkland zoned “R” Riverbank Sector then Osborne Street

West: Colony Street then parkland zoned “R” Riverbank Sector and multi-family housing outside the Downtown plan area zoned “RMF-M” Residential Multi-Family Medium District.

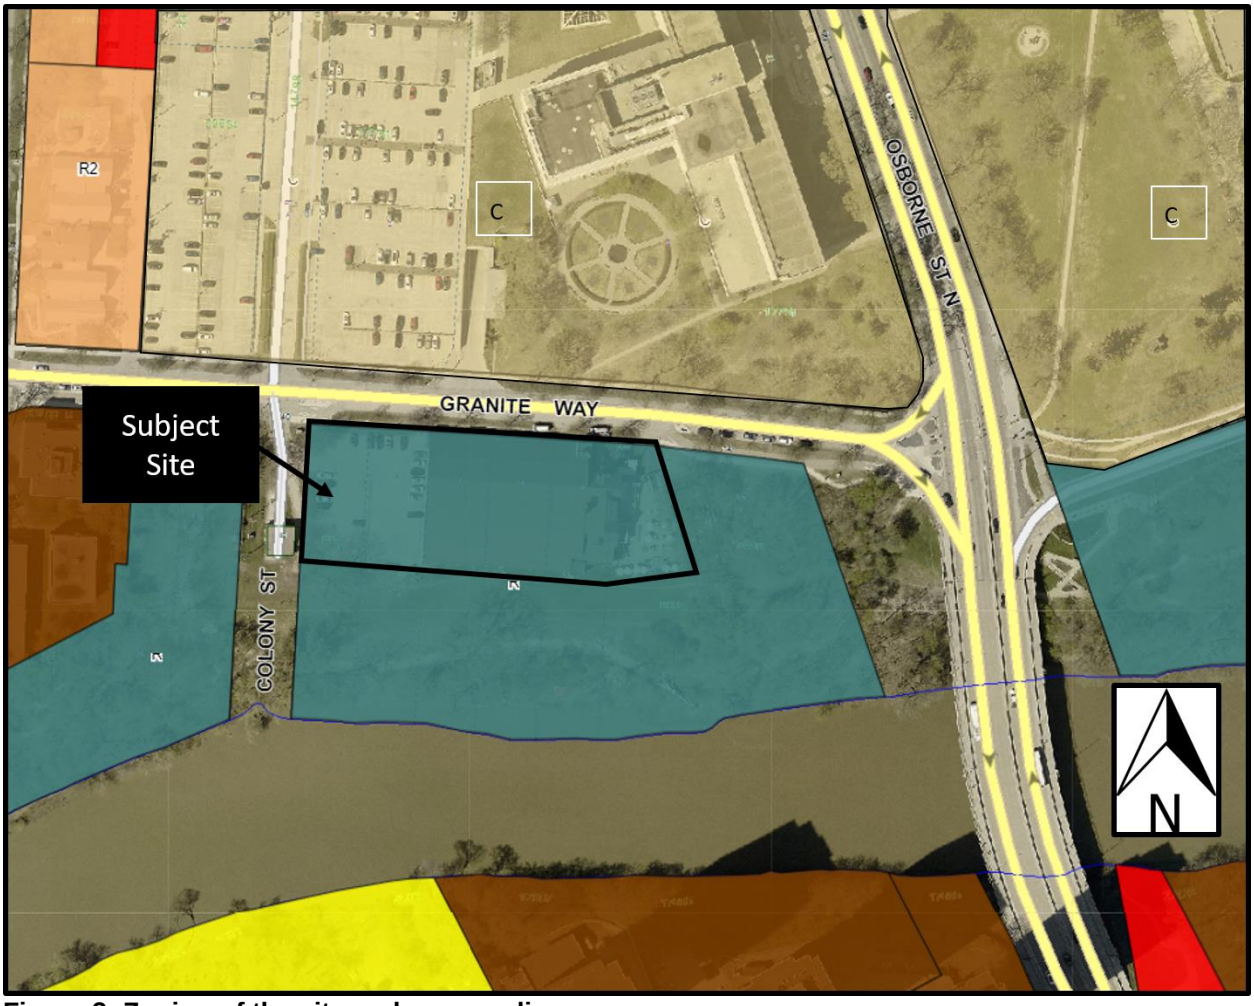

Figure 2: Zoning of the site and surrounding area.

NATURE OF APPLICATION

Subdivide the subject property into two parcels, Lot 1 and Lot 2 with Lot 2 being rezoned to the Character Sector Zoning District to support a multi-family development and the residual parcel, Lot 1 to remain Riverbank Sector for the continued operation of the Granite Curling Club and associated surface parking.

The two parcels will be as follows:

Proposed Lot 1: 39,390.4 square feet (0.904 acres) Riverbank Sector
Proposed Lot 2: 19,823.6 square feet (0.455 acres) Character Sector

ANALYSIS AND ISSUES

Complete Communities Direction Strategy 2.0

Section B1. General Growth

Goal 2 - Encourage strategic intensification.

Setting an intensification target

2.1 Aim for a minimum of 50% of all new dwelling units to be located in the intensification target area.

2.2 Aim to establish a minimum of 350 new dwelling units per year in the Downtown each year until 2030, and 500 dwelling units per year after 2030.

Section C1. Downtown

Goal 2 - Reinforce downtown as the primary focus for economic activity through residential, commercial, and office intensification.

Vacant and underutilized properties

2.2 Facilitate the redevelopment of vacant or underutilized properties, such as surface parking lots, to support increased residential and mixed-use development, when servicing allows, to achieve a sustainable, inclusive and vibrant Downtown.

Goal 4 - Ensure land use decisions reduce the impact of automobile use to enhance the pedestrian experience Downtown.

Strategic surface parking

4.1 Reduce the number of surface parking lots Downtown, and discourage the creation and expansion of standalone surface parking lots, particularly in areas with high pedestrian activity, in accordance with the Downtown Parking Strategy.

Goal 5 - Facilitate an amenity-rich, enjoyable, and beautiful urban environment that contributes to a high quality of life, to reflect Downtown's importance as the city's preeminent complete community.

Supporting residential growth

5.1 Encourage development with uses and amenities that support the Downtown residential population.

CentrePlan 2050

1.1 Goal: Embrace and elevate Downtown's unique neighbourhoods and districts.

Legislature and University of Winnipeg

1.1.20 Explore the feasibility of redeveloping the surface parking lot next to the Granite Curling Club to include both market and non-market housing that supports club operations and/or building maintenance.

1.2 Goal: Play a leadership role in Downtown housing

1.2.11 Help non-market and Indigenous housing providers overcome hurdles to developing adaptable no-barrier, transitional, supportive, and social housing. This could include assistance with Downtown land or building assembly, streamlining development and permitting processes, and/or development incentives.

3.2 Goal: Ensure public spaces meet needs of a growing residential population

3.2.8 The City shall look for opportunities (including existing rights of way, surface parking lots, derelict properties, and land acquisition) to develop new parks.

The subject proposal aligns with the above housing and neighbourhood policies for Downtown for the following reasons:

- Enabling housing on this site will help achieve residential intensification targets;
- The subdivision and rezoning specifically relates to *CentrePlan 2050*'s intent to redevelop the surface parking lot to the west of the Granite Curling Club;
- Ensuring affordable housing options are integrated into the development will positively contribute to the surrounding neighbourhood by providing additional housing options;
- Any development will better utilize existing infrastructure including the street network, public transit, water and wastewater service capacity and city services such as library and recreation; and
- Zoning that permits higher density housing is compatible with the surrounding context, which includes a mixture of housing types with higher residential densities.

The proposal also aligns with Housing Accelerator Fund (HAF) goals to increase housing availability (including affordable units), with a focus on Downtown, as well as the Land Enhancement Office's mandate to support the development of affordable, supportive, and mixed-income housing on City-owned land.

While the application does not advance applicable policies related to public space and riverbank acquisition, it is noted that this is an area with significant open space with Mostyn Park, Memorial Park and the Legislature grounds. The site is a transitional location between downtown and the West Broadway Neighbourhood and housing will provide a 24 hour presence to enhance area safety and vibrancy. If the site were to remain "R" Riverbank sector, it is unlikely it would ever become public park space, but instead would remain as a substandard surface parking lot.

The applicant has been in conversations with Granite Curling Club about this application impacting the city-owned parking lot, and about the City's initiative to repurpose the land for affordable housing. In response to parking concerns for Club members, the applicant has engaged with Canada Life about a potential parking arrangement with the curling club. the existing surface parking lot to the east of the Granite Curling Club with approximately 20 stalls will continue to provide parking for the Curling Club users. There is also potential for a parking arrangement to be made with the curling club on the site of the new development.

CITY OF WINNIPEG ZONING BY-LAW 200/2006

“R” Riverbank Sector is intended primarily for the use and enjoyment of the public with uses supportive of and accessory to continuous linear parkway and public gathering nodes being encouraged. This sector permits public or private development that is integrated with the functions of public space, such as accessory restaurants, retail, or services. It also accommodates public recreation and entertainment uses such as recreation centres, performance venues, galleries or museums.

“C” Character Sector is intended to encourage a compatible, fine-grained mix of uses rather than a separation of uses in these diverse areas. The built form is key in this sector, more specifically for this site, relating to the monumental Tyndall Stone buildings near the Legislative Buildings. This sector permits residential development and the maximum building height is limited to 100 feet.

Given the surrounding context of lower rise buildings with historical significance and adjacency to the West Broadway Neighbourhood which is outside the downtown boundaries, the “C” Character Sector is the most appropriate zoning district for Proposed Lot 2 to enable the sale or lease to an affordable housing developer for the purpose of developing the site for housing, including the provision of affordable units.

RECOMMENDATION
The Urban Planning and Design Division recommends **approval** for the following reasons:

- The subject subdivision and rezoning will result in the establishment of a multi-family residential development that is consistent with policies in *OurWinnipeg 2045, Complete Communities Direction Strategy 2.0* and *CentrePlan 2050*.
- The subject subdivision and rezoning of key City owned lands for the development of multi-family housing including an affordable housing component is part of the Council adopted Housing Accelerator Fund Application and mandate.
- The proposed development will increase residential density in the neighbourhood, thereby increasing housing options in this pedestrian oriented, bikeable, transit connected, amenity rich mature neighbourhood as well as helping the city to achieve its residential intensification targets.
- The proposed development will utilize existing infrastructure including the street network, public transportation, water and wastewater service capacity and city services.

REPORT OF THE ADMINISTRATIVE COORDINATING GROUP

RE: PROPOSED REZONING OF LAND LOCATED AT 22 GRANITE WAY

The Administrative Coordinating Group (ACG) reviewed the servicing requirements for DASZ 46/2024. The applicant should take into consideration the following servicing and design requirements and considerations in the redevelopment of the site:

Section I – General Comments

1) The subject land is in a combined sewer district; the sum of the wastewater and land drainage runoff peak discharge from the proposed future development cannot exceed the allowable discharge rate:

   i. The allowable discharge rate will be the sum of the existing peak wastewater and the peak land drainage discharged.

   ii. The peak land drainage discharged from the site must be based on a c-value of 0.23, with a 25 year rainfall event applied providing on-site storage.

   iii. The existing and proposed peak wastewater discharge must be estimated using the Wastewater Flow Estimation guidelines found on the City of Winnipeg website (http://winnipeg.ca/waterandwaste/dept/wastewaterFlow.stm), unless otherwise approved.

2) The Developer will be required to adhere to flood proofing criteria in accordance with Designated Floodway Fringe Area Regulation, M.R. 266/91, and the City of Winnipeg Charter and no works, including fill, can extend into the Floodway Area.
