EXECUTIVE SUMMARY

The time limit for enactment by Council of the necessary rezoning by-law under DAZ 210/2022 will expire on March 23, 2025. The Developer has requested an extension of time in order to enact the rezoning by-law.

The Winnipeg Public Service has no objection to this request.

RECOMMENDATIONS

1. That the time limit to provide for the enactment of the necessary rezoning by-law under File No. DAZ 210/2022 be extended to December 23, 2025.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council approval is required for an extension of time.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations are concurred in, the Developer will be allowed an extension of time to December 23, 2025, to enact the required rezoning by-law under DAZ 210/2022 and complete the necessary registrations at the Winnipeg Land Titles Office.

HISTORY/DISCUSSION

On February 23, 2023, Council adopted Item No. 9 of the Report of the Standing Policy Committee on Property and Development, dated February 2, 2023, which recommended approval of a rezoning to an “MMU” Manufacturing Mixed Use District under Winnipeg Zoning By-Law 200/2006. See Appendix “A” attached. Rezoning By-law 40/2023 received first reading by Council on March 23, 2023.

Recommendation 5. of the above-referenced report states:

"That the matter will be deemed to be concluded and all approvals in connection with this matter will expire if the Fees are not paid within 2 years after the By-law has been given first reading unless the Developer applies for an extension of time before the expiration of the 2-year period and Council approves the extension."

The necessary by-law has not been enacted and the 2-year period will expire on March 23, 2025.

On January 6, 2025, The City of Winnipeg, c/o Nike Owalabi, 2nd Floor, 65 Garry Street, Winnipeg, Manitoba, R3C 4K4 submitted a request for a nine (9) month extension of time to satisfy the necessary by-law enactment requirements and complete the necessary registrations at the Winnipeg Land Titles Office. See Appendix “B” attached.

The Winnipeg Public Service has reviewed this request for an extension of time and is of the opinion that approval of the subject extension of time would be acceptable and circumstances leading to the original approval remain unchanged.

OUR WINNIPEG 2045 POLICY ALIGNMENT

Key policies applicable to the proposed development include:

01-1 City Building

Major Redevelopment Sites

• Areas that once thrived under particular land uses in the past may not be needed for those purposes today. Some of these underused sites have significant strategic value, since they can capitalize on existing infrastructure through intensification. These Major Redevelopment Sites are either located within or adjacent to existing communities, and

this proximity makes them highly valuable. While in many cases, there are challenges to their redevelopment, such as the potential requirement for infrastructure upgrades, fractured land ownership and possible contamination, Major Redevelopment Sites present large-scale opportunities to enhance Winnipeg's urban fabric by repurposing obsolete land uses as new developments.

• Key Direction > Major Redevelopment Sites will provide transformative opportunities for the development of complete communities with significant residential and employment densities and attractive urban design, capitalizing on vacant or underutilized sites within the existing urban fabric.
