For submission to: The East Kildonan-Transcona Community Committee

Report date: August 26, 2004

Recommendations:

1. That the proposed street closing as shown on Misc. Plan No. 11824/1 be approved.

2. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the closing in accordance with Misc. Plan No. 11824/1.

REPORT SUMMARY

Key Issues:

The Public Road is not used for that purpose. The lands had been reserved 40 years ago for future street. The roadway is no longer required.

In July of 2003, Council approved the reduction of the number of police stations in the City from 6 to 4. The stations at 227 Provencher Boulevard and 730 Pandora Avenue West are to be amalgamated into a new station located within 2 kilometers of the intersection of Dugald Road and Lagimodière Boulevard. The Winnipeg Police Service has selected the larger portion of the Public Road as their preferred location. The lesser portion of the street will be reserved for the Eastern Transit Corridor.

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Civic Accommodations Division of the Planning, Property and Development Department has applied to close the Public Road so identified on the attached Misc. Plan No. 11824/1.

The Public Road is unpaved and has never been used for that purpose. The lands were expropriated in1965 and 1966 and dedicated as part of Lagimodière Boulevard by By-Laws 861 and 1133 of the Metropolitan Corporation of Greater Winnipeg. The Public Works Department has confirmed that the planned roadway is no longer required.

In July of 2003, Council approved the reduction of the number of police stations in the City from 6 to 4. The stations at 227 Provencher and 730 Pandora are to be amalgamated into a new station located within 2 kilometers of the intersection of Dugald Road and Lagimodière Boulevard. The Winnipeg Police Service has selected the portion of the Public Road identified as Parcel A on the drawing as their preferred location.

The Transit Department may have a requirement for a portion of closed road for the Eastern Transit Corridor. The portion of the Public Road identified as Parcel B on the drawing will be reserved for this purpose.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Approval of Change in Public Use in Accordance with The Expropriation Act

The property required for the public street was expropriated for that purpose in 1965 and 1966. Since the land will now be used for a different public purpose, the Legal Services Division has advised that it is appropriate for Council to formally exercise its powers as the confirming authority under Section 51(1) of The Expropriation Act and approve the change in the public use of the property.

Termination of Lease; Demolition/Removal of Improvements on Site

In 1985, the City of Winnipeg entered into an agreement with Hill-Everest Holdings Ltd. (Cavalier Hotel) allowing the use of a portion of the street for a number of baseball diamonds. This agreement has a 90-day termination clause, which will be exercised.

There is a large trailer used as a clubhouse by the Canford Sport Group/Winnipeg Sponge Hockey League located partially on the property. This trailer and the hockey rinks in the street will be removed.

There is a large abandoned building on the property that was formerly used by Winnipeg Hydro. This building will be demolished.

Easements

Manitoba Hydro and MTS will require easements for the maintenance of their plants in the street. No permanent structures will be allowed within the easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name.
