EXECUTIVE SUMMARY

This Public Service is providing information on the setting of the 2025 Business Improvement Zone (BIZ) levy rates.

The 2025 budget levy requirements based on the budget submissions from the 16 business improvement zones are identified in this report.

The Public Service is recommending that Council approve the 2025 Business Improvement Zone budgets and set and impose a zone levy. It will be applied to the annual rental value of each business within each zone.

All 16 Business Improvement Zones have complied with the annual filing requirements established under section 21(1) of the Business Improvement Zone Procedures By-law No. 8111/2002.

RECOMMENDATIONS

1. That Council approve the 2025 Business Improvement Zone budgets and set and impose a zone levy to be applied to the annual rental value of each business within each zone.
2. That Council enact the 2025 Business Improvement Zone Levy By-law, a draft of which is attached as Appendix C to this report.
3. That Council direct the Chief Financial Officer to make payment to the Board of each zone in accordance with the Business Improvement Zone Procedures By-law No. 8111/2002.
4. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

In order for each Business Improvement Zone (BIZ) to obtain the revenue required to meet its 2025 budget, Council must impose, by by-law, the zone levy rates (Appendix A) to be applied to the Business Tax Roll for each Business Improvement Zone that submitted a budget for 2025.

IMPLICATIONS OF THE RECOMMENDATIONS

The adoption of the 2025 Business Improvement Zone Levy Rates will authorize the collection of the levy as determined by the City of Winnipeg. There is no financial impact as the Business Improvement Zone levy is revenue-neutral to the City of Winnipeg.

HISTORY/DISCUSSION

Under The City of Winnipeg Charter, Council may, by by-law, establish a Business Improvement Zone (BIZ) as well as set the policies and procedures for a BIZ including, among other factors, the administrative process for reviewing and approving individual BIZ budgets. This authority was accomplished by enacting the Business Improvement Zone Procedures By-law No. 8111/2002.

The City of Winnipeg Charter provides that BIZ budgets may only be approved by Council and only by by-law. The Charter further provides that Council may by by-law impose a tax on businesses in the zone in order to raise money for the Business Improvement Zone's approved budget. Finally, the Charter provides that Council may direct payment of funds to the various BIZes whose budgets have been approved.

The Business Improvement Zone Procedures By-law sets out the process for Council to approve BIZ budgets. After a budget has been adopted at a BIZ's annual general meeting, it must be submitted to the City Clerk who is required, at least 15 days prior to the Council meeting, to publish a newspaper notice advising where the budget can be viewed and notifying businesses that they can file written objections to the budget by a specified date. If more than one-third of the businesses in the zone representing at least one-third of the total business assessment in that zone file written objections, the budget cannot be sent to Council for approval.

All the Business Improvement Zones have complied with the annual filing requirements established under section 21(1) of the Business Improvement Zone Procedures By-law No. 8111/2002 and the City of Winnipeg has received the 2025 budgets from all of the existing Business Improvement Zones; 16 zones in total. The required notifications concerning these will be completed by the City Clerk prior to the March Council meeting.

For the purposes of raising sufficient money for each BIZ budget, a BIZ levy rate has been calculated and will be applied against the Annual Rental Value (ARV) of each business within the Business Improvement Zone (see Appendix A).

Appendix B provides a 2024/2025 comparison of each BIZ budget levy requirement and the BIZ levy rate. The BIZ budget levy requirement changes ranged from 0 percent for multiple BIZ zones to an increase of 20.5 percent for the West Broadway BIZ. The BIZ levy rate changes ranged from a decrease of 6.8 percent to an increase of 27.9 percent for the Saint-Norbert BIZ and West Broadway BIZ, respectively.
