As a resident of St. Norbert, I am writing to ask Council to protect Lemay Forest for memorialization and ecological preservation.

This valuable ecosystem offers a great opportunity for the City of Winnipeg to protect biodiversity. I believe that protecting the property would align with the efforts of the Urban Forest Strategy, Park Strategy, and the Montreal Pledge. But there are also other reasons to protect this land – the staggering number of children that are likely still buried there and the land's historical and cultural significance. I hope that this motion is passed by Council and the City of Winnipeg is successful in protecting this valuable resource.

Thank you,
Dennis Kachur
