Plan No. 16021/5 and Aerial Misc. Plan No. 16021/6 (Appendices B and C). Part of Station Road will be incorporated into the planned area under development application File No. DASSF 505/2024. The balance of Station Road will be established as a public lane to maintain access to 3511 Pembina Highway.

The Public Service recommends approval.

    A. the approval of the conveyance of the land by Council or its delegated authority;

    B. the Purchaser (or assignee) fulfilling all obligations and conditions of approval outlined in Appendix A to this report.

2. That, upon instruction from the Director, the City Solicitor prepare and bring directly to Council for enactment a by-law to facilitate the Closing (the "By-law").

3. That this matter will be deemed to be concluded and all approvals in connection with this matter will expire if the By-law is not enacted within 2 years following the date on which this report is approved by Council, unless:

    A. The Purchaser (or assignee) applies for an extension of time before the expiration of the 2-year period; and

B. Council approves the extension of time.

4. That the By-law will expire and this matter will be deemed to be concluded if the By-law is not registered at the Winnipeg Land Titles within 1 year following the date on which it is enacted by Council, unless:

   A. The Purchaser (or assignee) applies for an extension of time before the expiration of the 1-year period; and

   B. Council approves the extension of time.

5. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings must be considered by the Community Committee.

Before any portion of a public right-of-way may be conveyed, it must be legally closed and declared surplus to the City's needs. Council approval is required.

IMPLICATIONS OF THE RECOMMENDATIONS

All costs associated with the closing are the responsibility of the Purchaser (or assignee). There are no financial implications for the City of Winnipeg. Sale proceeds will be credited to the Land Operating Reserve.

HISTORY/DISCUSSION

Drimal Builders Ltd. applied on behalf of the owner of 3525 Pembina Highway, to close Station Road between 3525 and 3511 Pembina Highway.

The entirety of Station Road will be closed to facilitate a portion being re-opened and designated as public lane. The portion of Station Road shown coloured red on Misc. Plan No.16021/5 and Aerial Misc. Plan No. 16021/6 (Appendices B and C) will be incorporated into proposed Lot 1 under File No. DASSF 505/2024. The inclusion of this portion of Station Road will allow for construction of a place of worship. This land will be conveyed to the Purchaser (or assignee) in accordance with this report and the provisions of the City's Declaration as Surplus and Sale of Property Policy PD-026 adopted by Council September 29, 2021. The portion shown coloured blue on the Misc. Plans, will be designated as a public lane on the plan prepared under File No. DASSF 505/2024.

Manitoba Hydro, Centra Gas, BellMTS, Bell Canada, Rogers Communications, Flexnetworks, Canadian National Railway, and Imperial Oil/Exxon Mobil, have all indicated that they have no

concerns or objections. Fibre.Ca Inc., Crown Pipeline Ltd., Telus Communications, the Canadian Pacific Railway Company, the Canadian National Railway Company and Teraspan Networks did not respond to the request for comment on this application. The Public Service has no objections to the proposed closing and any comments and/or conditions for approval of the proposed closing are detailed on Appendix A attached.

Plan No. 2613 registered in the Winnipeg Land Titles Office on February 9, 1920 opened the road but did not name it. In 2012, Council passed By-law No. 11/2011 to name it Station Road. The road is improved with an asphalt surface.
