Subject:

HOUSING ACCELERATOR FUND APPLICATION TO CONVERT NORTH POINT VILLAGE PLAN TO SECONDARY PLAN BY-LAW SP 3/2025

APPLICANT: Planning Property and Development Department
FILE: SP 3/2025
PROPOSAL: A public hearing (pursuant to the City of Winnipeg Charter) will be held before the City of Winnipeg Council regarding a proposal to convert the existing North Point Village (Precinct F) (PD-016) to a secondary plan by-law, in accordance with the City of Winnipeg Charter S.234.7(1) and the associated amendments being proposed as part of the Housing Accelerator Fund, per Council direction.
The proposed application would maintain the existing North Point Village Plan, but establish the plan as a statutory by-law to allow for future amendments, in accordance with the Charter.

EXECUTIVE SUMMARY

An application to amend the *North Point Village (Precinct F) Area Plan - Policy No. PD-016* has been put forward by the Public Service. The proposed amendments to the *North Point Village (Precinct F) Area Plan* support Council-directed amendments to the Winnipeg Zoning By-law No. 200/2006 that would allow up to four units as of right on residential lots city-wide, and four units up to four storeys tall as of right within 800 metres of high-frequency transit corridors in accordance with the City’s Housing Accelerator Fund (HAF) agreement.

To facilitate the amendments proposed to the current non-statutory *North Point Village (Precinct F) Area Plan,* the plan must be adopted by Council as a statutory secondary plan by-law. Following adoption, amendments to the by-law can be carried out, as required by *The City of Winnipeg Charter*. The Public Service has initiated the secondary plan application process to facilitate this change.

This secondary plan application is administrative in nature. The proposed statutory secondary plan by-law contains the existing *North Point Village (Precinct F) Area Plan* as an appendix and maintains the existing goals, principles, policies and format of the existing policy document.

RECOMMENDATIONS

1. That Council give first reading to By-law No. 57/2025 (the “By-law”, a draft of which is attached as Appendix A to this report) to adopt the North Point Village (Precinct F) Area Plan as a Secondary Plan By-law without changes in accordance with this report.

2. That, following first reading and upon instruction from the Director of Planning, Property and Development, the City Solicitor and Director of Legal Services be directed to return the By-law directly to Council by way of communication for second reading and third reading.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

The subject application is being brought forward for consideration in accordance with direction from Council as part of the Strategic Priorities Action Plan (SPAP) and part of Council's November 23, 2023, decision regarding the Housing Accelerator Fund (HAF). If Council adopts the proposed by-law, all future development applications within the plan area will need to conform to the amendment.

Adoption of a secondary plan by-law requires a public hearing prior to first reading in accordance with *The City of Winnipeg Charter and The Development Procedures By-law No. 104/2020*. As a result of recent amendments to the Development Procedures by-law, this report is being submitted for Council's consideration of the development application at the public hearing. Council has been designated as the hearing body and Council approval is required to enact the proposed by-law amendment.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Public Service are concurred in, the North Point Village (Precinct F) Area Plan By-law No. 57/2025 will be adopted without changes, in accordance with Appendix A of this report, and given first reading.

HISTORY/DISCUSSION

BACKGROUND

The adoption of the North Point Village (Precinct F) Area Plan proposed in this report is intended to support a component of the ongoing four-stage zoning by-law amendment process. The four "buckets" of zoning amendments have been guided by both Council's Strategic Priorities Action Plan ("SPAP") and more recently by the City of Winnipeg's Housing Accelerator Fund (HAF) application. The intent of these zoning reforms is to improve processing and accelerate housing development in areas covered by the Winnipeg Zoning By-law No. 200/2006 and the Downtown Winnipeg Zoning By-law No. 100/2004.

The first bucket of zoning amendments focused on development permit exemptions, and was approved by Council on February 22, 2024. The second bucket saw several rapid amendments to the Zoning By-laws to address minor deficiencies in the regulations, and align them with previously-endorsed Council policies, directions, and motions. Bucket 2 amendments were approved by Council on July 18, 2024.

The third bucket has been broken into two components (Buckets 3.1 and 3.2), and consists of further amendments to the Zoning By-law, including the following items approved in Council's November 23, 2023, HAF decision:

2. *That the HAF application be amended to legalize four dwelling units per residential lot be permitted as-of-right city-wide.*

3. *That the HAF application be amended to legalize four units of up to four storeys as-of-right within 800 metres of high-frequency transit corridors as outlined in the City's HAF application and informed by the initial network changes in phase one of the Winnipeg Transit Master Plan.*

4. *That the HAF application be amended to ensure that new housing zoning reforms targeted for mall sites and commercial corridors – as proposed in the City Council's Strategic Priorities Action Plan – allow for as-of-right development to facilitate quick approvals and construction of new housing.*

Bucket 3.1 zoning reforms targeting Malls and Corridors for as-of-right housing development (as per Recommendation 4 of the November 23, 2023, decision) were approved by Council on December 12, 2024, and came into effect on January 31, 2025.

Bucket 3.2 zoning reforms, which this application supports, are addressed in recommendations 2 and 3 of Council's November 23, 2023 decision. These reforms propose legalizing up to four units as of right city-wide, and legalizing four units up to four storeys tall as of right within 800 metres of high-frequency transit corridors.

The fourth and final bucket of zoning reforms will be a full re-write of the City's zoning by-laws. This will be a comprehensive process including significant public and stakeholder consultation. The full zoning by-law(s) re-write is expected to begin in late-2025 and be completed by late-2027.

PROPOSED ADOPTION OF THE NORTH POINT VILLAGE (PRECINCT F) AREA PLAN

The current non-statutory *North Point Village (Precinct F) Area Plan - Policy No. PD-016* was endorsed as Council policy on March 26, 2014. The plan provides policy direction for the development of approximately 50 hectares of land on the northern edge of the City. The planning area is bound by Murray Avenue to the North, Mira Gate and properties on the east side of Atlas Crescent to the east, the Northern Boundary of the Chief Peguis Extension ROW to the south, and McPhillips Street to the west.

The *North Point Village (Precinct F) Area Plan* requires amendments to support the Bucket 3.2 zoning by-law reforms that will allow up to four units city-wide, and four units up to four storeys within 800m of high frequency transit as of right city-wide. However, before the plan can be amended by by-law, it must first be adopted as a by-law. The current application to adopt the non-statutory plan as a statutory secondary plan by-law is one of three conversion by-laws required to support subsequent Bucket 3.2 Secondary Plan Amendments and related zoning reforms.

A copy of the *North Point Village (Precinct F) Area Plan* can be found in Appendix A. No changes to the existing content or policies in the plan are recommended in this application.
