EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On May 13, 2025, the Executive Policy Committee concurred in the Council Motion of May 2, 2025, and submitted the matter to Council.

COUNCIL DECISION:

On May 2, 2025, Council ruled automatic referral of the following motion to the Executive Policy Committee:

Moved by Councillor Lukes,
Seconded by Councillor Rollins,

WHEREAS the United Nations Principles for Older Persons call for the promotion of dignity, respect and full participation for older persons, recognizing the growing demographic of seniors in our society;

AND WHEREAS the World Health Organization (WHO) Age-friendly Cities (AFC) framework is considered the international standard for guiding municipalities on how to become more inclusive and supportive of older persons, and applies an aging lens across all facets of a city;

AND WHEREAS 17 per cent of the City's population was 65 years of age or older as of the 2021 census, and that figure was set to increase and remain at or around 20 per cent, necessitating more work on age friendliness to ensure older persons have access to adequate living conditions, emergency services, and opportunities to participate fully in all aspects of life within our city;

AND WHEREAS renewing the Age-Friendly Winnipeg initiative plays a critical role in advancing the rights and well-being of older Winnipeggers, addressing challenges and promoting a more inclusive and supportive environment;

**Report – Executive Policy Committee – May 13, 2025**
