Appendix A - Local Area Plan & CCDS 2.0 Amendments

Amendments to 22 secondary plans (Complete Communities Direction Strategy + 21 Local Area Plans) are required to support HAF Infill Housing Zoning By-law changes that would allow up to four units as of right on residential lots city-wide, and four units up to four storeys tall as of right within 800 metres of high-frequency transit corridors. The list of plans affected by the proposed changes is below. The proposed amendments for each plan can be found on the corresponding table on the pages that follow.

1. Complete Communities Direction Strategy 2.0, By-law 119/2020 (City Wide Secondary Plan)
2. Airport Area West Residential, By-law No. 85/2016
3. Corydon Osborne Area Plan, By-law No. 99/2014
4. Court Avenue (Precinct E), By-law No. 97/2014
5. Dawson Trail (Precinct J), PD-017
6. North Point Village (Precinct F), PD-016
7. North St. Boniface, By-law No. 30/2017
8. Osborne Village, By-law No. 220/2006
9. Precinct G, By-law No. 5/2018
10. Precinct K, By-law No. 48/2014
11. Ridgewood South (Precinct Q), By-law No. 62/2013
12. South St. Boniface (Sage Creek), By-law No. 158/2005
13. Transcona North (Precinct I), By-law No. 1/2014
14. Transcona West Area Structure Plan By-law No. 215/2006
15. Waterford Green (Precinct C), PD-015
16. Waverley West B, By-law No. 1/2019
17. Waverley West NE, By-law No. 210/2006
18. Waverley West NW, By-law No. 37/2010
19. Waverley West W, By-law No. 90/2012
20. Waverley West SE, By-law No. 140/2007
21. Waverley West SW, By-law No. 4/2013
22. West Alexander & Centennial, By-law No. 64/2008

1 Complete Communities Direction Strategy

#	Existing Policy	Revised and/or Updated Policy
1	**B3. Servicing** **Minor residential infill in built-up areas** 2.4 Accept minor infill subdivision proposals with frontage on an existing improved public street with less than a full range of municipal services only where it can be demonstrated that all proposed lots: 2.4.1 Are located entirely in an R1 or R2 zoning district. a. Accept rezoning applications on a case-by-case basis, most notably to address split-zoned lots or lots with R1 zoning designations that are inconsistent with the majority of the lots in the immediate area. 2.4.2 Meet the minimum dimensional standards (excluding special boundary conditions) for lot area of the applicable zoning bylaw without requiring a variance. 2.4.3 Do not interfere with or potentially disrupt the planned and orderly development of neighbouring holdings or plans. 2.4.4 Conform to any applicable secondary plan. 2.4.5 Will be appropriately accommodated by the existing local land drainage system, to the satisfaction of the Director of Water and Waste. 2.4.6 Will be serviced with piped wastewater and piped water, to the satisfaction of the Director of Water and Waste. 2.4.7 Respect the local context and character of the area. 2.4.8 Will not result in any potential health, safety, environmental impacts, or impacts to property associated with the development, as determined by the Directors of Public Works, Water and Waste, and Planning, Property & Development.	**B3. Servicing** Minor residential infill in built-up areas 2.4 Accept minor single and two family infill subdivision proposals with frontage on an existing improved public street with less than a full range of municipal services only where it can be demonstrated that all proposed lots: 2.4.1 Are located entirely in an R1 or R2 zoning district. a. Accept rezoning applications on a case-by-case basis, most notably to address split-zoned lots or lots with R1 zoning designations that are inconsistent with the majority of the lots in the immediate area. 2.4.2 Meet the minimum dimensional standards (excluding special boundary conditions) for lot area of the applicable zoning bylaw without requiring a variance. 2.4.3 Do not interfere with or potentially disrupt the planned and orderly development of neighbouring holdings or plans. 2.4.4 Conform to any applicable secondary plan. 2.4.5 Will be appropriately accommodated by the existing local land drainage system, to the satisfaction of the Director of Water and Waste. 2.4.6 Will be serviced with piped wastewater and piped water, to the satisfaction of the Director of Water and Waste. 2.4.7 Respect the local context and character of the area. 2.4.8 Will not result in any potential health, safety, environmental impacts, or impacts to property associated with the development, as determined by the Directors of Public Works, Water and Waste, and Planning, Property & Development.
2	**D1. Established Neighbourhoods** **Mature Communities** 1.9 Small-scale residential uses other than single-family residential may be accommodated on collector streets and local streets with a public lane and where compatible with adjacent land uses, and in consideration of the factors listed in policy section 1.6.	**D1. Established Neighbourhoods** **Mature Communities** 1.9 Small-scale residential uses ~~other than single-family residential~~ may be accommodated on collector streets and local streets ~~with a public lane and~~ where compatible with adjacent land uses, and in consideration of the factors listed in policy section 1.6.

3	**D1. Established Neighbourhoods** **Housing Typologies in Established Neighbourhoods** **SMALL SCALE RESIDENTIAL** 1-3 storeys-singles, semi-detached, duplex, suites, townhouses • A mix of ground-oriented housing of various forms, unit types and sizes mixed with existing low density residential houses. • Includes, but is not limited to, single-detached, semi-detached, duplex, secondary suites, detached secondary suites, and townhouses up to 3 storeys in height. • Allows for some intensification in a form that respects the scale and character of the community while meeting the needs of a diverse population.	**D1. Established Neighbourhoods** **Housing Typologies in Established Neighbourhoods** **SMALL SCALE RESIDENTIAL** 1-3.5 storeys ~~singles, semi-detached, duplex, suites, townhouses~~ • A mix of ground-oriented housing of various forms, unit types and sizes mixed with existing low density residential ~~houses~~ dwellings. • Includes, but is not limited to, single-detached, semi-detached, duplex, triplex, fourplex, secondary suites, detached secondary suites, and townhouses up to 3 storeys in height. • Allows for some intensification in a form that respects the scale and character of the community while meeting the needs of a diverse population.
4	**D1. Established Neighbourhoods** **Housing Typologies in Established Neighbourhoods** **MEDIUM RISE RESIDENTIAL** Up to 6 storeys • The design of taller buildings up to 6 storeys on the edge of existing adjacent residential neighbourhoods that may be smaller in form and lower in density. • Allows predominantly medium scale multi-residential buildings 4-6 storeys in height. • Allows for some intensification in a form that respects the scale and character of the community while meeting the needs of a diverse population	**D1. Established Neighbourhoods** **Housing Typologies in Established Neighbourhoods** **MEDIUM RISE RESIDENTIAL** ~~Up to 6~~ 5-8 storeys • The design of taller buildings up to ~~6~~ 8 storeys on the edge of existing adjacent residential neighbourhoods that may be smaller in form and lower in density. • Allows predominantly medium scale multi-residential buildings 5-8 ~~4-6~~ storeys in height. • Allows for some intensification in a form that respects the scale and character of the community while meeting the needs of a diverse population

5	**D1. Established Neighbourhoods** **Mature Communities** 1.12 (A) Develop small-scale and low-rise residential development guidelines that will direct the location and design of residential infill development in Mature Communities through the use of planning and design guidelines implemented through regulation to ensure residential infill development achieves the following: a. Provides a diversity of housing options for all residents, at all life stages, in all neighbourhoods; b. Maintains a balanced mix of housing within each neighbourhood; c. Distributes additional residential density amongst mature neighbourhoods; d. Contributes to the physical renewal and revitalization of older neighbourhoods; e. Supports transit and maximizes walkability; f. Makes more efficient use of existing municipal infrastructure and community facilities; g. Increases population levels to enhance neighbourhood schools, community centres, commercial areas and main streets (i.e. Urban Mixed Use Corridors); h. Respects and enhances the character of existing neighbourhoods through compatible development; and i. The small-scale and low-rise residential development guidelines may provide additional and more detailed locational criteria than that identified in this By-law, to respond to area specific planning considerations.	**D1. Established Neighbourhoods** **Mature Communities** ~~1.12 (A) Develop small-scale and low-rise residential development guidelines that will direct the location and design of residential infill development in Mature Communities through the use of planning and design guidelines implemented through regulation to ensure residential infill development achieves the following:~~ ~~a. Provides a diversity of housing options for all residents, at all life stages, in all neighbourhoods;~~ ~~b. Maintains a balanced mix of housing within each neighbourhood;~~ ~~c. Distributes additional residential density amongst mature neighbourhoods;~~ ~~d. Contributes to the physical renewal and revitalization of older neighbourhoods;~~ ~~e. Supports transit and maximizes walkability;~~ ~~f. Makes more efficient use of existing municipal infrastructure and community facilities;~~ ~~g. Increases population levels to enhance neighbourhood schools, community centres, commercial areas and main streets (i.e. Urban Mixed Use Corridors);~~ ~~h. Respects and enhances the character of existing neighbourhoods through compatible development; and~~ ~~i. The small-scale and low-rise residential development guidelines may provide additional and more detailed locational criteria than that identified in this By-law, to respond to area specific planning considerations.~~
6	**D1. Established Neighbourhoods** **Recent Communities** 1.16 Small-scale residential uses, not including single-family, may be accommodated on collector roads and local streets with a public lane, where compatible with adjacent land uses, and in consideration of the factors listed in Policy section 1.6.	**D1. Established Neighbourhoods** **Recent Communities** 1.16 Small-scale residential uses~~, not including single-family,~~ may be accommodated on collector roads and local streets ~~with a public lane,~~ where compatible with adjacent land uses, and in consideration of the factors listed in Policy section 1.6.

2 Airport Area West Residential

#	Existing Policy	Revised and/or Updated Policy
1	**3.1.3 Lower-Density Residential** **3.1.3.1 Objective** The objective of the Lower-Density Residential area is to provide for a Lower-Density Residential style of development, including single-family homes, duplexes, townhomes and rowhomes. The specific residential subdivision design will be determined through the Development Application process based on the following policies.	**3.1.3 Lower-Density Residential** **3.1.3.1 Objective** The objective of the Lower-Density Residential area is to provide for a Lower-Density Residential style of development, including single-family homes, duplexes, triplexes, fourplexes, townhomes and rowhomes and appropriate transitions to higher intensity development. The specific residential subdivision design will be determined through the Development Application process based on the following policies.
2	**3.1.3 Lower-Density Residential** **3.1.3.2 Policies** a. Single-family uses shall be the predominant land use, allowing for single-family detached housing, duplexes, townhomes and rowhomes throughout the neighbourhood.	**3.1.3 Lower-Density Residential** **3.1.3.2 Policies** a. ~~Single-family uses~~ Lower density residential housing typologies shall be the predominant land use, allowing for single-family detached housing, duplexes, triplexes, fourplexes, townhomes, and rowhomes throughout the neighbourhood.
3	**3.1.4 Mixed-Use Higher Density Residential** **3.1.4.2 Policies** d. Where multi-family zoning or commercial zoning is located adjacent to single-family zoning, the design and siting of multi-story apartment buildings and/or commercial development will reflect a transition in building massing and setbacks to provide a transition between densities and intensities of use.	**3.1.4 Mixed-Use Higher Density Residential** **3.1.4.2 Policies** d. Where multi-family zoning or commercial zoning is located adjacent to a lower density residential area ~~single-family zoning~~, the design and siting of multi-story apartment buildings and/or commercial development will reflect a transition in building massing and setbacks to provide a transition between densities and intensities of use.
4	**3.2 Commercial Mixed-Use** **3.2.2 Policies** d. Where multi-family zoning or commercial zoning is located adjacent to single-family zoning, the design and siting of multi-story apartment buildings and/or commercial development will reflect a transition in building massing and setbacks to provide a transition between densities and intensities of use.	**3.2 Commercial Mixed-Use** **3.2.2 Policies** d. Where multi-family zoning or commercial zoning is located adjacent to a lower density residential policy area ~~single-family zoning~~, the design and siting of multi-story apartment buildings and/or commercial development will reflect a transition in building massing and setbacks to provide a transition between densities and intensities of use.
5	**4.2 Internal Transportation Network** **4.2.2.3 Connectivity** a. Mixed-Use Higher-Density Residential and Commercial Mixed-Use development should be directly connected to a sidewalk, walkway or pathway, and most single-family residential areas should be within 400 m of a sidewalk, walkway or pathway.	**4.2 Internal Transportation Network** **4.2.2.3 Connectivity** a. Mixed-Use Higher-Density Residential and Commercial Mixed-Use development should be directly connected to a sidewalk, walkway or pathway. Lower density policy ~~and most single-family residential~~ areas should be within 400 m of a sidewalk, walkway or pathway.

6	**7.0 Definitions** Residential Use – The use of land, buildings or structures for a residential purpose and may include, but is not limited to, single-detached dwellings, mobile homes, semi-detached dwellings, duplex dwellings, townhomes, apartments, and secondary dwellings in accordance with the Land Use By-Law.	**7.0 Definitions** Residential Use – The use of land, buildings or structures for a residential purpose and may include, but is not limited to, single-detached dwellings, mobile homes, semi-detached dwellings, duplex dwellings, triplexes, fourplexes, townhomes, apartments, and secondary dwellings in accordance with the Land Use By-Law.

3 Corydon Osborne

#	Existing Policy	Revised and/or Updated Policy
1	**Residential Built Form & Development** **3.5.19. Higher Density Residential Areas** Up to two unit development will be permitted, subject to design guidelines / controls. Medium multi-family development may be accommodated subject to design guidelines / controls and the discretionary review process. The maximum building height for these areas should be 3 storeys, except on corners where the maximum building height should be 4 storeys. Greater increases in height or density would be considered on a case-by-case basis through the rezoning process.	**Residential Built Form & Development** **3.5.19. Higher Density Residential Areas** Up to four ~~two~~ unit development will be permitted, subject to zoning by-law requirements and applicable design guidelines / controls. Medium multi-family development may be accommodated subject to design guidelines / controls and the discretionary review process. The maximum building height for these areas should be 3 storeys, except on corners where the maximum building height should be 4 storeys. Greater increases in height or density would be considered on a case-by-case basis through the rezoning process.
2	**Residential Built Form & Development** **3.5.21. Medium Density Residential Areas** Up to two unit development will be permitted, subject to design guidelines / controls. Small multi-family development may be accommodated subject to design guidelines / controls and the discretionary review process. The maximum building height in these areas should be 3 storeys. On corners, medium multi-family development may be accommodated subject to design guidelines / controls and the discretionary review process. The maximum building height on corners should be 4 storeys. Greater increases in height or density would be considered on a case-by-case basis through the rezoning process.	**Residential Built Form & Development** **3.5.21 Medium Density Residential Areas** Up to four ~~two~~ unit development will be permitted, subject to zoning by-law requirements and applicable design guidelines / controls. Small multi-family development may be accommodated subject to design guidelines / controls and the discretionary review process. The maximum building height in these areas should be 3 storeys. On corners, medium multi-family development may be accommodated subject to design guidelines / controls and the discretionary review process. The maximum building height on corners should be 4 storeys. Greater increases in height or density would be considered on a case-by-case basis through the rezoning process.
3	**Residential Built Form & Development** **3.5.23. Lower Density Residential Areas** Up to two unit development will be permitted, subject to design guidelines / controls. Small multi-family development may be accommodated on corners, subject to design guidelines / controls and the discretionary review process. The maximum building height in these areas shall be 3 storeys.	**Residential Built Form & Development** **3.5.23. Lower Density Residential Areas** Up to four ~~two~~ unit development will be permitted, subject to zoning by-law requirements and applicable design guidelines / controls. ~~Small multi-family development may be accommodated on corners, subject to design guidelines / controls and the discretionary review process.~~ The maximum building height in these areas shall be 3 storeys. Greater increases in height may be considered on a case-by-case basis in accordance with the zoning by-law.
4	**Residential Built Form & Development** **3.5.26. Existing Residential Structures** The retention of existing residential structures should be encouraged, potentially converting houses to two family homes to promote density in the community while preserving the existing character.	**Residential Built Form & Development** **3.5.26. Existing Residential Structures** The intensification ~~retention~~ of existing residential structures should be encouraged in accordance with the zoning by-law ~~potentially converting houses to two homes~~ to promote density in the community while preserving the existing character.

5	**Residential Built Form & Development** **3.5.28. Secondary Suites** Secondary suites or granny flats should be an allowed dwelling unit as a contiguous component of the primary dwelling unit.	~~**Residential Built Form & Development**~~ ~~**3.5.28. Secondary Suites**~~ ~~Secondary suites or granny flats should be an allowed dwelling unit as a contiguous component of the primary dwelling unit.~~
6	**3.5.29. Context Sensitive** Design within the Areas of Stability should be context sensitive maintaining the character of the neighbourhood by reflecting existing setbacks, materials, roof lines and mass to preserve and reflect the existing character.	**3.5.29. Context Sensitive** Design within the Areas of Stability should consider ~~be context sensitive maintaining~~ the character of the neighbourhood through ~~by reflecting existing setbacks,~~ building materials, roof lines and other design aspects. ~~mass to preserve and reflect the existing character.~~
7	**3.7 Design Guidelines** **Lower Density Residential** The residential area south of Corydon Avenue is considered a stable, generally single-family residential, mature neighbourhood that may allow intensification to two units and small scale multi-family on corner lots.	**3.7 Design Guidelines** **Lower Density Residential** The residential area south of Corydon Avenue is considered a stable, mature ~~generally single-family~~ residential~~, mature~~ neighbourhood. The area is characterized by small scale housing typologies, with some row homes/low rise apartments at strategic locations. ~~that may allow intensification to two units and small scale multi-family on corner lots.~~
8	**4.1 Directions for Zoning** **Directions for the new PDO** Design review for all development (except for single family) to determine compliance with applicable design controls.	**4.1 Directions for Zoning** **Directions for the new PDO** Design review for all development (except for single and two family dwellings, triplexes and fourplexes) to determine compliance with applicable design controls.
9	**4.1 Directions for Zoning** A City-initiated zoning change to make two-family development permitted by right throughout (subject to design controls) in order to accelerate the approval process for moderate infill.	**4.1 Directions for Zoning** **Directions for the new PDO** ~~A City-initiated zoning change to make two-family development permitted by right throughout (subject to design controls) in order to accelerate the approval process for moderate infill.~~
10	**4.1 Directions for Zoning** Process for Development	**4.1 Directions for Zoning** ~~Process for Development~~ **Delete this section (Remove pages 68/67)**
11	**4.3 Implementation Actions** No. 1 - Replace the Neighbourhood Main Streets PDO on Corydon Avenue and Osborne Street with a new PDO for the whole plan area. Include design controls per the recommendations in the plan and require plan approval for any new development other than single-family.	**4.3 Implementation Actions** No. 1 - Replace the Neighbourhood Main Streets PDO on Corydon Avenue and Osborne Street with a new PDO for the whole plan area. ~~Include design controls per the recommendations in the plan and require plan approval for any new development other than single-family.~~

12	**4.3 Implementation Actions** No. 2 - Amend zoning to allow secondary suites and two-family development in Areas of Stability without requiring rezoning applications.	**4.3 Implementation Actions** ~~No. 2 - Amend zoning to allow secondary suites and two-family development in Areas of Stability without requiring rezoning applications.~~

13 Transcona North (Precinct I)

#	Existing Policy	Revised and/or Updated Policy
1	**3.3 Planning Goals** **Sense of Place** Transcona North will develop a community identity defined by a predominance of detached housing with ready access to the services necessary for daily life and a variety of facilities designed to encourage outdoor activities and community socializing. **Diversity** Transcona North will provide detached housing opportunities for a broad sector of the market in terms of both affordability and lifestyle. This includes entry-level housing as well as housing for the Transcona move-up market on lots bordering the lakes and parks. The smaller, affordable housing will appeal to one-person households, single parent families and retirees and seniors wanting to down-size while remaining in Transcona. In this way, and despite its detached housing focus, it is believed that Transcona North will allow for the kind of socio-economic and lifestyle diversity that underpins Complete Communities. And in the event that circumstances change with respect to infrastructure servicing or building technologies, multiple-family housing is allowed for within the mixed-use commercial activity node and could be made available on other sites in future as per section 5.1.3.1 (c).	**3.3 Planning Goals** **Sense of Place** Transcona North will develop a community identity defined by a predominance of low density ~~detached~~ housing with ready access to the services necessary for daily life and a variety of facilities designed to encourage outdoor activities and community socializing. **Diversity** Transcona North will provide ~~detached~~ ground oriented low-density housing opportunities for a broad sector of the market in terms of both affordability and lifestyle.
