Personal Information

First name
Steven
Last name
Jenne

I am writing to express my strong opposition to another delay to the pilot project on Wellington Crescent. Bike Winnipeg has been asking for improvements well before Rob Jenner was murdered. The road was designed a bikeroute for the pan am games. No infrastructure improvements have been made to make cycling safer. I became a victim of road violence on one of these inadequate bike routes. This is personal to me. Don't wait until the next death. Do something now.
