5. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

In accordance with Clause 27(1)(b) of the Development Procedures By-law 104/2020, Council approval is required for the City to enter into Servicing Agreements that are a condition of approval under a short-form subdivision application (DASSF).

IMPLICATIONS OF THE RECOMMENDATIONS

Concurrence with this recommendation will enable servicing conditions to be applied to this application via a Servicing Agreement.

HISTORY/DISCUSSION

An application was received from Phillips & Stevens for a proposed plan of subdivision as outlined in Schedule "A" in order to allow for the creation of infill residential building lots for future development.

The Water and Waste Department has identified improvements that would be required to accommodate the proposed development, and the Public Works Department has requested a corner cut for the lane.

It is therefore recommended that the Developer enter into a Servicing Agreement with the City to fulfill the conditions outlined in the attached Schedule "B", the report of the Administrative Coordinating Group.
