EXECUTIVE SUMMARY

The Public Service has applied to open Parcel A Plan 50779 WLTO (as shown in Appendices A and B) as Waterfront Drive. The City bought the land in 2010 as part of the Disraeli Bridges Renewal Project.

Opening the street will connect nearby property to Waterfront Drive. The street opening ensures the ability to maintain the northbound travel lane while adding cycling and walking facilities. The Public Service recommends approval.

RECOMMENDATIONS

1. That, subject to Recommendation 2, the proposed street opening shown on Miscellaneous Plan No. 11536/4 (Appendix A), be approved.
2. That the Director of Legal Services and City Solicitor be instructed to prepare and bring directly to Council for enactment, a by-law to facilitate the street opening in accordance with Appendix A.
3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Dedication of land as a public street requires a by-law pursuant to Section 139 of The City of Winnipeg Charter.

Council approval is required before land can be legally opened as public street.

The application has been submitted to the Executive Policy Committee in accordance with Section 4(20) of the City Organization By-law No. 7100/97.

IMPLICATIONS OF THE RECOMMENDATIONS

All costs associated with the street opening are the responsibility of the Public Works Department.

HISTORY/DISCUSSION

The Public Service intends to open Parcel A Plan 50779 WLTO (as shown in Appendices A and B) as Waterfront Drive.

The opening ensures the existing approach to 120 Higgins Avenue abuts Waterfront Drive and ensures the ability to maintain the northbound travel lane while adding cycling and walking facilities.

On December 18, 2007, Council approved funding in the 2008 Capital Budget and 2009 to 2013 Five Year Forecast for the Disraeli Bridges Rehabilitation Project (the "Project").

On September 24, 2008, Council approved the conceptual design for the Project and authorized the Director of Planning, Property and Development to negotiate the acquisition of land required for the Project.

On April 28, 2010, in order to meet the 2010 construction schedule, Council instructed the Public Service to initiate expropriation proceedings to acquire the land interests for the Project.

Pursuant to By-Law 70/2010, passed by Council on June 23, 2010, the City expropriated Parcel A Plan 50779 WLTO. On December 21, 2010, the City obtained title to the land.

Manitoba Hydro, Centra Gas, BellMTS, Bell Canada, Shaw Cablesystems/Rogers Communications, Canadian National Railway and Telus Communications have all indicated that they have no concerns or objections.

Fibre.Ca Inc., Crown Pipeline Ltd., the Canadian Pacific Railway Company, TC Energy, Imperial Oil/Exxon Mobil, and Teraspan Networks did not respond to the request for comment on this application.

The Public Service has no concerns with the proposal.
