ADMINISTRATIVE REPORT

Title: 2024 Single Source Assignments for Consultants, Goods and Services

Critical Path: Executive Policy Committee – Council

AUTHORIZATION

EXECUTIVE SUMMARY

The Chief Administrative Officer is required to report annually to Council on:

- Single source assignment of consultant services – Appendix A
- Single source assignments for goods and services exceeding $100,000 (not including consultants) – Appendix B

Council, Executive Policy Committee (EPC) and the Public Service have certain authorities for approving single source transactions under very strict guidelines. The guidelines are included in the City of Winnipeg's Purchasing Policy F1-003 (the Policy). They apply to all procurement under the Policy.

The Public Service recommends including the approving authority in future reports only for single source exceeding $100,000, along with a brief description of the single source. The report will still include all single source consultant assignments, regardless of value. This change will make the report shorter while still providing significant information for Council.

The report is based on payments/awards during the period of January 1, 2024, to December 31, 2024. It includes:

Appendix A: consultant names, approving authority and the total value of the payments on the single source consultant assignments.

Appendix B: awards of single source (non-consultant) contracts, exceeding $100,000, vendor names, approving authority and the total value of awards.

This report includes all City Departments.

RECOMMENDATIONS

1. That future annual reports on Single Source Assignments for Consultants, Goods and Services include the approving authority for any single source exceeding $100,000, including a brief description of the single source.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

On March 24, 2004, Council adopted Item 1 of the Report of Executive Policy Committee, dated March 10, 2004, delegating certain authorities from the Policy to the Chief Administrative Officer. The Chief Administrative Officer is required to report annually to Council on the assignment of consultants.

In March 2016, the Public Service was requested to report on the use of single source authority for goods and services (not including consultants), exceeding $100,000, on an annual basis.

IMPLICATIONS OF THE RECOMMENDATIONS

The Public Service recommends including the *approving authority* in future reports for any single source exceeding $100,000, along with a brief description of the single source. The report will still include all single source consultant assignments, regardless of value. This recommendation will create a shorter report while still providing significant information for Council.

HISTORY/DISCUSSION

On September 12, 2018, the Executive Policy Committee (EPC) directed that commencing with the 2018 annual report on single source assignments, the Public Service provide a chart that lists the total amount of contract awards per vendor and the total value of those contracts.

On December 12, 2024, Council concurred in the recommendation of EPC that the Public Service be directed to include the *approving authority* in future reports.

The Report contains single source procurements approved by:

- Council
- EPC
- Public Service

The Public Service recommends only including the approving authority in future reports for any single source exceeding $100,000, along with a brief description of the single source. The report will still include all single source consultant assignments, regardless of value. This recommendation will create a shorter report while still providing significant information for Council.

Council, EPC and the Public Service have certain authorities for approving single source transactions under very strict guidelines. The guidelines are included in section B4 of the Policy and apply to all procurement under the Policy.

The City is subject to various trade agreements that set thresholds for goods and services requiring public solicitation, the most restrictive being:

- $75,000 for goods and services (including consultants, not including construction)
- $200,000 for construction

Generally, solicitations beyond the above dollar thresholds require public solicitation.

Attached to this report are Appendices which include the requested detail on single source assignments for consultant and goods and services contracts. The following is a summary of totals for each appendix:

APPENDIX A - Consultant Assignments	$ 7,666,719.41
APPENDIX B - Goods and Services	$34,133,359.10

Note:
The City's Purchasing website publishes all tenders issued for goods and services, including approximately $40 million in publicly tendered Consultant contracts annually.

APPENDIX A - CONSULTANT ASSIGNMENTS

Appendix A includes all payments on single source consultant assignments, vendor names, the approving authority and the total value of payments based on the period of January 1, 2024, to December 31, 2024.

Where the Chief Administrative Officer approves a single source assignment, pursuant to B4.1 (j) (emergency) (not to exceed $10 million), such approvals shall be reported at least annually.

All over-expenditures on single source assignments are approved by the Chief Financial Officer. In no cases are over-expenditures approved without funds being available in a Council approved budget.

Consultant services are either procured publicly as a Request for Proposal or they are disclosed on this single source report.

This report includes all City Departments. The Mayor and Council consultant expenditures are reported together with all expenditures on a monthly basis on the City's website and, as such, are not repeated in this report.

APPENDIX B - SINGLE SOURCE ASSIGNMENTS *(not including Consultant Services)*

Appendix B includes all single source awards exceeding $100,000, vendor names, approving authority and the total value of awards based on the period of January 1, 2024, to December 31, 2024.
