EXECUTIVE SUMMARY

The Public Service recommends that Council approve funding from the Province for the Manitoba Adult Literacy Program (MALP). This money will help keep the Adult Literacy Program at Harvey Smith Library (999 Sargent Avenue). It would also fund an expanded site at Millennium Library.

Annual MALP funding has been given to the Community Services Department, Library Services Division, since 2010. The funding provides for a staff instructor and operating costs of the program.

The program meets Library Services' goal to support literacy, lifelong learning and digital literacy skills. Since 2010, over 270 Winnipeggers have benefited from the program. The participants also learn and use library resources.

For the 2025/2026 funding year, funds were given to grow the program to a second site at Millennium Library (251 Donald Street). On June 27, 2025, funding was confirmed for $94,210 for the costs of operating both sites. One-time funding of $18,000 was also provided for supplies for the expanded location. In order to receive this funding, a grant agreement is required.

RECOMMENDATIONS

1. That Manitoba Adult Literacy Program grant funding in the amount of up to $112,210 from the Government of Manitoba, as represented by the Minister of Advanced Education and Training, be approved.

2. That the City enter into, execute, and deliver a Contribution Agreement with the Government of Manitoba, as represented by the Minister of Advanced Education and Training, and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the

"Ancillary Agreements").

3. That authority be delegated to the Chief Financial Officer to negotiate and approve the terms and conditions of the Contribution Agreement and Ancillary Agreements and such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

4. That authority be delegated to the Chief Financial Officer to negotiate and approve the terms and conditions of all future similar funding agreements with the Government of Manitoba for the Manitoba Adult Literacy Program, or its successor, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

5. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing.

REASON FOR THE REPORT

Council approval is required to approve grant funding, enter into the Contribution Agreement and delegate approval authority for future MALP grant funding agreements to the Chief Financial Officer.

IMPLICATIONS OF THE RECOMMENDATIONS

There is no financial cost to the Community Services Department, Library Services Division, to operate the Winnipeg Public Library Adult Literacy Program aside from in-kind costs (use of rooms, library and City staff support to the City staff instructor).

Council approval will allow Library Services to continue providing free adult literacy instruction to Winnipeg citizens following the Province of Manitoba's Adult Literacy Program framework and expand the program to a second location. Without provincial funding, the program will no longer be provided by Library Services.

The City is required to enter into a Contribution Agreement with the Province to receive the funds.

HISTORY/DISCUSSION

The Province of Manitoba Department of Adult Education and Training oversees and supports adult literacy through the Adult Literacy Act and its regulations. Various organizations, education and training providers that meet the Act's criteria apply for annual funding to operate Adult Literacy Programs and Adult Learning Centres across the province. Adult literacy instruction is based on the Manitoba Stages Framework. The Stages Framework supports instruction for adults with diverse goals and personal literacy needs. Adult literacy programming reduces poverty, improves personal and social outcomes, and supports adults in their education and

employment opportunities. Public libraries, as welcoming and accessible cultural and learning spaces, align with these social and educational goals.

The Adult Literacy Program at Harvey Smith Library began as a pilot program in 2010. The successful pilot year enabled Library Services to apply for funding annually. The current program offers classes September through June with continuous intake as space is available. A wait list is taken with learners contacted as space becomes available.

The Harvey Smith Library site offers Stage 1 and 2 programming using the Manitoba Adult Literacy Program Stages Framework. Adult learners who have been consistently served through the years include settled newcomers in need of help with English reading, writing and document use; older adults upgrading reading, writing, and basic math for daily living; and Indigenous adults planning to return to school for upgrading and certification. The library's print collections are used, along with dedicated program resources purchased with the Manitoba Adult Literacy Program annual grant. Learners become familiar with the library and its resources for lifelong learning beyond the program. Learners receive an assessment on intake and set their learning goals. The instructor guides them through learning with regular assessments to track progress.

Up until June 2025, learners were referred to other programs once they completed Stage 2. An assessment on other programs and a survey of learners at the Harvey Smith Library site showed demand for a Stage 3 site at Millennium Library. Now, with the expansion to Millennium Library, learners would have the option to move to the Millennium Library to continue their learning for Stage 2 and Stage 3.

The expansion of the Adult Literacy Program will better serve the learners, will make use of an unused room at Millennium Library, and is an ideal fit for the downtown community and the extensive on-site resources at Millennium Library.
