The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. The Public Service is in favour. There is still going to be a berm and a sound attenuation fence built on the back of the property to deal with landscaping, sight, and sound. In light of the Public Service's support of this, I'll be supporting the application.

ANALYSIS AND ISSUES

COLLABORATIVE PLANNING AND CONSULTATION

With the Public Service

- The applicant engaged the Public Service prior to submitting an application.

COMPLETE COMMUNITIES DIRECTION STRATEGY 2.0

- The *Complete Communities Direction Strategy 2.0* (CCDS 2.0) is a citywide secondary plan that guides growth, development, and land use in the city of Winnipeg. The proposal aligns with the following goals and policies:

D1: Established Neighbourhoods

- Goal 1: 1.0 *Encourage compatible residential development within Established Neighbourhoods to build more Complete Communities and align with the City's residential intensification target.*
    - *1.1 Encourage residential development that positively contributes to neighbourhood character while expanding housing options for residents in a manner that is sensitive and complementary to existing development.*
    - *1.2 Increase the population within Established Neighbourhoods to contribute to the physical renewal and revitalization of older neighbourhoods.*
- Goal 3: 3.0 *Ensure all communities provide a diversity of housing options and meet resident life-cycle housing needs.*
    - *"3.1 Encourage a variety of housing types and tenures within Established Neighbourhoods to meet life-cycle housing needs and affordability ranges."*
    - *"3.2 Encourage a mix of types, tenures and unit sizes within residential developments. Make provisions for unit sizes that can accommodate varying family sizes and multi-generational households."*
    - *"3.6 Encourage new development that incorporates housing types that enable "aging in place" in Established Neighbourhoods."*

G2. Strategic Infrastructure and Resources

- Goal 1: 1.0 Ensure that new development of sensitive uses in proximity to freight rail operations and rail lines is constructed in a manner that mitigates potential safety risks and nuisance caused by land use incompatibilities.
    - *"1.1 Require that new residential development or the intensification of residential and other sensitive land uses near freight rail operations incorporate appropriate safety and compatibility measures."*
    - *"1.1.1 (A) Adopt guidelines for new development in proximity to freight rail operations that identify safety and compatibility measures to be employed and the types of applications where safety and compatibility measures will be required."*
    - *"1.1.2 Review opportunities to plan for development or redevelopment along freight rail lines or yards and pursue the appropriate planning initiatives when warranted."*

ZONING AGREEMENT AMENDMENT

The applicant has applied for an amendment to the Zoning Agreement under File. No. DASZ 10/2017.

- The current Zoning Agreement states under Clause 8(b):
    - *for Lots 41 to 59 of the Owner's Land, provide a setback of no less than 29 metres (95.1 feet) between the Railway Land and any habitable room or living space within any building located on that lot.*
- The ZAA would replace Clause 8(b) with the following:
    - *for Lots 41 to 59 of the Owner's Land, where a berm that is a minimum of 3.5 metres (11.48 feet) in height must be maintained, provide a setback of no less than 21.42 metres (70.28 feet) between the Railway Land and any habitable room or living space within any building located on that lot.*

SUMMARY

The Urban Planning & Design Division ***supports*** the Zoning Agreement Amendment for the following reasons:

- The amendment encourages a housing type that enables aging in place.
- The reduced setback (70.28 feet) still incorporates appropriate safety and compatibility measures for new residential development in proximity to a rail line.

RECOMMENDATION

The Urban Planning and Design Division recommends ***approval*** of the Zoning Agreement Amendment for the following reasons:

- The application is consistent with the policies of *OurWinnipeg 2045* and *Complete Communities Direction Strategy 2.0.*
