The City of Winnipeg already has the right to protect private trees adjacent to public roadways. It has chosen not to. While public trees are rightfully protected under the new bylaws, private property must also be respected! How can the City of Winnipeg consider itself a proper place for private investment and beautification if it doesn't protect those assets which are invested?

Please reconsider your opposition to the explicit protection of private trees, for the good of all Winnipeggers, present and future. Thanks.
