EXECUTIVE SUMMARY

On June 23, 2022, Council decided that a piece of City-owned land at 575 Larsen Avenue (called “Proposed Lot 1” on a map in Schedule A) was no longer needed by the City. The Public Service started talks to sell the land directly to the tenant, Ma Mawi Wi Chi Itata Centre Inc. (“Ma Mawi”). Now, Ma Mawi is asking for a larger piece of land than what was first offered.

The Public Service recommends that Council cancel the surplus decision and instead declare a slightly different area surplus (shown as “Proposed Lot 1” on a newer map in Schedule B). The rest of the land at 575 Larsen Avenue would still belong to the City of Winnipeg.

If Council agrees, the Public Service plans to sell the land to Ma Mawi for \$40,000. The details of the sale are listed in Schedule D. Right now, Ma Mawi has temporary permission to use the building on the land.

The Public Service has advised the new Ward Councillor of their intentions on this matter.

RECOMMENDATIONS

1. That the declaration of surplus approved by Council on June 23, 2022, for the lands identified as “Proposed Lot 1” on Misc. Plan 12734/11 (attached as Schedule A to this report) be rescinded.
2. That, subject to approval of Recommendation 1 and approval of two-thirds of all Council members (pursuant to Subsection 4.4i of the Real Estate – Declaration as Surplus and Sale of Property Policy), the lands Identified as “Proposed Lot 1” Misc. Plan 12734/20 (attached as Schedule B to this report) be declared surplus to the City’s needs.
3. That, subject to approval of Recommendation 2 and approval of two-thirds of all Council members (pursuant to Subsection 205(2) of The City of Winnipeg Charter), the sale of

the lands identified as “Proposed Lot 1” on Misc. Plan 12734/20 (attached as Schedule B to this report) to Ma Mawi Wi Chi Itata Centre Inc. for \$40,000.00, that is in accordance with the terms and conditions set out in Schedule D of this report, be approved.

4. That the City enter, execute and deliver an Offer to Purchase Agreement with Ma Mawi Wi Chi Itata Centre Inc., and such other agreements determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the “Ancillary Agreements”).
5. That, in accordance with the Winnipeg Recreation Strategy, the net proceeds of the sale be credited to the Land Operating Reserve for reinvestment into other City recreation and library facilities or amenities.
6. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Pursuant to the “Real Estate – Declaration as Surplus and Sale of Property” policy adopted by Council on September 29, 2021, and amended on July 22, 2024, Council approval is required to declare all City property surplus to the City’s needs and the sale of parkland requires approval from two-thirds of all members of Council.

IMPLICATIONS OF THE RECOMMENDATIONS

The City’s standard terms and conditions of sale include provisions to protect the City’s interests in the event that environmental contamination is discovered.

A Development Application (DASZ) and a plan of subdivision at the sole cost of the purchaser will be required to satisfy sale conditions; the plan will need to be approved for registration by the Winnipeg Land Titles office (anticipated Winter 2026).

The Winnipeg Recreation Strategy states the following: *“Property sales: Where appropriate, and with Council concurrence, proceeds from property sales that may arise as a result of reconfiguring City-owned recreation and library assets will be reinvested in other City recreation and library facilities or amenities. The proceeds will be held in the Land Operating Reserve until they are reallocated.”*

It is noted that the net proceeds could also be credited to the Transformative Reserve Fund as the sale aligns with that policy as well. Since Council’s direction for recreation and library reinvestment predates the Transformative Reserve Fund, the Public Service has recommended that the Winnipeg Recreation Strategy be followed.

HISTORY/DISCUSSION

The building at 575 Larsen Avenue was originally constructed in 1930, with additions completed in 1971 and 1983 and is known as the East End Cultural and Leisure Centre. The site is approximately 113,423 square feet and is zoned PR2. The existing building is 8,305 square foot building.

In 2016, the City engaged architectural/engineering consultants to assess what would be required to bring the facility up to a reasonable condition and meet existing code and accessibility requirements. Estimates ranged from approximately \$2.5 million to renovate the existing building to over \$5 million for a complete replacement.

On April 18, 2019, Community Services notified the Planning, Property and Development Department that the building was surplus to their needs and that they only required seasonal use of the wading pool, pump room, and washrooms. Since that time, the wading pool at 575 Larsen Avenue was not required and was subsequently decommissioned in early 2025.

On June 23, 2022, Council declared surplus to the City needs the section of property located at 575 Larsen Avenue, identified as “Proposed Lot 1” on Misc. Plan 12734/11 (attached as Schedule A). Net proceeds of the sale were to be credited to the Land Operating Reserve Fund in accordance with the “Recreation, Leisure and Library Facilities” policy. It was the intention of the Public Service to negotiate a sale with the tenant, Ma Mawi Wi Chi Itata Centre Inc. (“Ma Mawi”), that operates a food bank / food security program at the subject facility on a short-term use agreement.

Ma Mawi has refined its redevelopment plans and requested the acquisition of a larger area shown as “Proposed Lot 1” on Misc. Plan No. 12734/20 (attached as Schedule B). Therefore, an amendment to the lands previously declared surplus is required.

The Public Service procured an appraisal as part of its due diligence for the sale of the Subject City Property, which indicates a market value range of \$540,000 to \$580,000 as improved. The highest and best use as improved is a form of community service. This includes uses such as a community centre, daycare or place of worship. If vacant, the highest and best use would be for low rise multi-family residential or subdivision into lower density residential lots.

The negotiated terms and conditions for this proposed sale align with Council’s decision of July 18, 2024, to offer leased City-owned buildings for sale to non-profit tenants at less than Market value. The Public Service has negotiated a sale price of \$40,000 for the Subject City Property to the tenant, in accordance with the City’s sales policy. This pricing reflects consideration of the City’s inventory costs while supporting the proposed development of an Indigenous-led Family Care Centre, as outlined in the purchaser’s Letter of Intent (attached as Schedule C).

The Proposed Sale of Lot 1, Misc. Plan No. 12734/20 (attached as Schedule B), was circulated to all City Departments and no civic need was identified. The City will retain Proposed Lot 2. Ma Mawi will have the option to enter into a license agreement for the use of parking spaces located on Lot 2. Terms for the license agreement will be negotiated separately.

As a condition of the proposed sale, Ma Mawi shall at its sole cost, effort and expense, prepare a Plan of Subdivision to facilitate creation of “Proposed Lot 1” (the lands to be sold), “Proposed Lot 2” (the lands to be retained by the City) and to legally open the extension of Larsen Avenue “Proposed Opening” as identified on the attached Misc. Plan 12734/20 and register the same, along with any other required documentation, at the Winnipeg Land Titles Office on or immediately following the Date of Closing, Possession and Adjustments. Public Works identified

the “Proposed Opening Area” as a requirement to provide both lots with adequate frontage on a public street and for garbage and snow removal.

The Offer to Purchase includes a reversionary clause requiring that development be completed within five years of closing. If this condition is not met, the land will revert to City. The Public Service has negotiated proposed terms and conditions of a Sale Agreement in favor of Ma Mawi Wi Chi Itata Centre Inc. as set out in Schedule D of this report.

The negotiated sale price of \$40,000 to Ma Mawi Wi Chi Itata Centre Inc. represents the best overall value to the City under the current Sales Policy. The policy allows for below-market sales to non-profit Indigenous organizations that advance community service objectives and contribute to the City’s Reconciliation commitments. The proposed sale eliminates significant repair liabilities for the City, ensures the continuation of vital community programming, and provides social, cultural, and financial benefits consistent with Council directions.

The sale is expected to close in the last quarter of 2026.
