On November 12, 2025, the East Kildonan-Transcona Community Committee concurred in the recommendation of the Winnipeg Public Service, as amended, and recommended to the Standing Policy Committee on Property and Development:

1. That the subdivision proposed under Development Application No. DASZ 8/2025 be approved for preparation as a plan of subdivision (the “Plan”) by a Manitoba Land Surveyor for registration in the Winnipeg Land Titles Office in accordance with the proposed by-law attached as Appendix “A” to this report and as shown on the map dated October 18, 2025 and attached as Schedule “B” to this report, with such minor changes as may be required, subject to the following:
 - A. That the Developer be required to enter into a Servicing Agreement with the City pursuant to subsection 259(1) of The City of Winnipeg Charter in accordance with the report of the Administrative Coordinating Group dated October 28, 2025, and attached as Appendix “B” to this Report, *with the following amendments:*
 - i. *in Section VI – Servicing Conditions, amend clause 1. Public Lane as follows:*
 - a. *In Condition a) delete the words “Portland cement concrete” and replace with the word “asphalt cement”*
 - b. *Add the following new Condition c):*
 - “c) *In the event that the lane is constructed as pavement under the Local Improvement program prior to application for development permits, The construction requirement in Clause 1.a) shall be deemed satisfied. The Developer shall instead be required to pay their share of the lane improvements as determined by and to the satisfaction of, the Director of Public Works, consistent with the Development Agreement Parameters.”*

2. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land to an “RMF-M PDO-1 Malls and Corridors Mature Communities PDO-1” Residential Multi-Family (Medium) District in accordance with the proposed by-law attached as Appendix “A” to this report and as shown on the map dated October 18, 2025, and attached as Schedule “B” to this report, subject to the following conditions:
 - A. That the Developer enter into a Zoning Agreement with the City pursuant to subsection 240(1) of The City of Winnipeg Charter in accordance with the following:
 - i. The Owner must submit plans showing the location and design of any and all proposed:
 - a) principal buildings
 - b) accessory structures
 - c) parking
 - d) accessory parking areas
 - e) private approaches
 - f) garbage enclosures
 - g) fencing
 - h) landscaping

on the Owner’s Land (“Works”) to the City for approval by the Director of Planning, Property and Development (“Director”) and the East Kildonan-Transcona Community Committee prior to the issuance of any building or development permit, and thereafter must construct the Works in substantial conformance with the approved plans and maintain the Works to the satisfaction of the Director.
 - ii. That the maximum building height shall be 45 feet (13.71 metres).
3. That the City enter into, execute and deliver with the Developer:
 - A. a Servicing Agreement in accordance with recommendation 1; and
 - B. a Zoning Agreement in accordance with recommendation 2,

and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").
4. That authority be delegated to the Director of Planning, Property and Development (the “Director”) to negotiate and approve the terms and conditions of the Development/Servicing Agreement, the Zoning Agreement and any Ancillary Agreements in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

5. That, in lieu of the dedication of land, the Developer shall provide a cash payment representing 10% of the Planned Area value of Development Application No. DASZ 8/2025 (the “Dedication Fee”), as determined by the Director of Planning, Property and Development.
6. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare a by-law in accordance with recommendations 1 and 2 (the “By-law”) and bring same directly to Council by way of communication for first reading.
7. That upon instruction from the Director of Planning, Property and Development that the Developer has submitted the Plan in accordance with recommendation 1 and has paid the Dedication Fee and all other associated ancillary fees (the “Fees”), and subject to s. 236.1 of The City of Winnipeg Charter, the Director of Legal Services/City Solicitor be directed to return the By-law directly to Council by way of communication for second and third reading.
8. That Development Application No. DASZ 8/2025 will be deemed to be concluded and all approvals in connection with same will expire if the Developer has not submitted the Plan and paid the Fees within 2 years following the date on which Council gives first reading to the By-law, unless the Developer applies for an extension of time before the expiration of that 2 year period and Council approves the extension.
9. That the subdivision section of the By-law will come into force when the Servicing Agreement is fully executed and the Plan is registered in the Winnipeg Land Titles Office.
10. That the zoning section of the By-law will come into force when the Zoning Agreement is registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.
11. That the By-law will be repealed without coming into force 1 year following the date it is enacted if the Plan and the Zoning Agreement are not registered in accordance with recommendations 8 and 9, unless the Developer applies for an extension of time before the expiration of that 1 year period and Council approves the extension.
12. That Development Application No. DASZ 8/2025 will be deemed to be concluded and all approvals in connection with same will expire if the Developer fails to secure all necessary Plan approval signatures on behalf of the City within 1 year following the date on which the By-law is enacted, unless the Developer applies for an extension of time before the expiration of that 1 year period and Council approves the extension.
13. That the Variance order shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 8/2025.

14. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Note: The wording in bold and italics denotes amendments made by the Community Committee.

The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. This is a logical densification for Henderson Highway. It improves the pavement of that back lane.
2. There was no public opposition at today's hearing.
3. Again, it's on a high-density Transit route.

12. That Development Application No. DASZ 8/2025 will be deemed to be concluded and all approvals in connection with same will expire if the Developer fails to secure all necessary Plan approval signatures on behalf of the City within 1 year following the date on which the By-law is enacted, unless the Developer applies for an extension of time before the expiration of that 1 year period and Council approves the extension.
13. That the Variance order shall come into force and effect upon the coming into force and effect of the zoning by-law for the subject land under File DASZ 8/2025.
14. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

- The applicant proposes to consolidate and rezone 1294 and 1310 Henderson Highway for the purpose of constructing two (2) 6-unit multi-family dwellings and an unspecified future development.
- A Subdivision and Rezoning (DASZ) application is required to consolidate the underlying lot lines and enable the proposed multi-family development and unspecified future development.
- Subdivision and Rezoning applications require a public hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter*.
- The Report is being submitted for the Committee's consideration of the development application at the public hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning and Design Division are concurred in, the land **can** be consolidated and rezoned in accordance with Schedule “B”.

OURWINNIPEG 2045 POLICY ALIGNMENT

OurWinnipeg 2045 Goal – City Building

A successful strategy for sustainable city growth uses a variety of planning approaches. It strikes a balance between ‘growing out’ and ‘growing up’, offering choices ranging from traditional, single-family neighbourhoods to denser forms of urban housing and new neighbourhoods designed around a mix of land uses and a sustainable transportation system.

Building a city of complete communities provides the following additional benefits:

- *Minimization of environmental impacts per capita, in support of better air quality, resource efficiency, waste management, and climate change mitigation*
- *Adaptability to climate change and resilience to natural hazards*
- *Promotion of more active lifestyles and increased social interaction*

City Building Objectives

- **City Building Objective 1.** Responsibly plan, prioritize and accommodate growth in areas that best support Complete Communities principles, to achieve this Plan’s sustainable development goals:
 - *Facilitate growth and change strategically within Winnipeg’s unique Transformative Areas and Established Neighbourhoods, to enhance the ability of the urban environment to contribute towards this Plan’s goals.*
- **City Building Objective 2.** Integrate resilient land use, transportation and infrastructure planning, and investments:
 - *Ensure that land use, transportation, and infrastructure planning are aligned to provide the conditions for compact, complete and connected communities, supported by sustainable transportation options and municipal infrastructure capacity.*
- **City Building Objective 3.** Facilitate development opportunities that complete established communities, and plan new communities as complete and connected from the outset:
 - *New and existing communities are complete when they demonstrate: universally designed environments; mixed-income neighbourhoods; a continuum of housing types; multi-modal connections within and to elsewhere in the city; heritage conservation; opportunities for physical activity, social interaction, and access to healthy food, daily needs, employment, education, recreation, and green infrastructure.*

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

Strategic Opportunity #4: Facilitate Compact, Complete Development and Increase Density

- **Key Direction 4.1:** Increase strategic infill development that provides access to and capitalizes on existing and planned corridors with frequent transit service
- **Key Direction 4.2:** Ensure new areas of growth are designed according to the principles of Complete Communities.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant proposes to consolidate and rezone the subject properties from “R1-L PDO-1 Malls and Corridors Mature Communities PDO-1” (Residential Single-Family – Large) district to “RMF-M PDO-1 Malls and Corridors Mature Communities PDO-1” (Residential Multi-Family - Medium) to construct two (2) new six (6) unit multi-family dwellings for a total of 12 dwelling units and an unspecified future development.
- The existing dwellings on the subject sites will be demolished.
- Phase 1 includes Building #1 and Building #2 on 1310 Henderson and each building is 47.5 feet (14.47 metres) in width and 45 feet (13.71 metres) in depth.
- The letter of intent states that Phase 2 will be future development on the southerly 90 feet with new residential building(s) (1294 Henderson Highway).
- The building heights for Building #1 and Building #2 are approximately 33.5 feet (10.21 metres).
- The front yard setback is 8.5 feet (7.62 square metres). The rear yard setback is 24 feet (7.31 square metres). The north side yard setback is 7.5 feet (2.28 metres)

- Access to the site is via the rear public lane.
- There are 19 vehicle parking spaces, of which three (3) are accessible and three (3) are for guest parking. There are four (4) bicycle parking spaces.
- The garbage and recycling enclosure is located at the northwest corner of the properties off the rear public lane.
- Each unit has a balcony outdoor amenity space.
- The proposal also requires a Variance application for building setbacks, parking, and pedestrian route related Variances (**see Report for DAV 24-203923\ID**).

ANALYSIS AND ISSUES

COMPLETE COMMUNITIES DIRECTION STRATEGY 2.0

- The *Complete Communities Direction Strategy 2.0* (CCDS 2.0) is one of four direction strategies supporting *OurWinnipeg 2045*, the city's long-range development plan, and has statutory authority as a secondary plan. The Strategy guides land use and development in Winnipeg.
- The subject properties are in the "Urban Mixed Use Corridors" policy area of *CCDS 2.0*. Applicable goals and policies include:
- **Goal 1** 1.0 Encourage strategic residential intensification on Corridors.
 - 1.1 Support densities in accordance with Policy 3.1 of the General Growth section, at a height and scale compatible with surrounding land uses.
- **Goal 3** 3.0 Ensure Corridors provide a comfortable pedestrian environment and attractive public realm.
 - 3.1 Ensure that development on Urban Mixed Use Corridors is designed to prioritize a comfortable pedestrian environment and attractive public realm through the use of design elements which may include, but are not limited to the following:
 - 3.1.1 Providing minimal building setbacks from the public right-of-way to define the street edge.
 - 3.1.2 Having entrances provide direct access to the public sidewalk.
 - 3.1.4 Encouraging balconies and public spaces, such as plazas, patios, or other pedestrian amenities.
 - 3.1.5 Minimizing impacts of vehicular access and parking on the pedestrian environment by having vehicular access off of existing lanes.
 - 3.1.6 Encouraging the location of parking above- or below-grade, or behind the primary building. Parking located beside the building may be acceptable if the parking area occupies a minimal area and high-quality screening from the public right-of-way is provided.
 - 3.4 Mitigate negative shadow impacts and ensure adequate sunlight penetration experienced by rear- and side-adjacent residential properties and the public sidewalk by:
 - 3.4.1 Using Corridor right-of-way width as a guide to determine maximum building height, where appropriate.

- 3.4.2 Using upper-level building step backs, where appropriate.
- 3.5 Design the public realm and right-of-way to promote improvements to the pedestrian and cycling environment, including pedestrian- and transit-oriented streetscaping enhancements.
- 3.6 Discourage auto-oriented land uses.
- 3.10 Use tools such as local area planning, zoning, or design guidelines to further implement these design principles.
- 3.11 Promote simple, quick, direct, and universal access to transit stops, junctions, hubs, and stations through site design.
- **Goal 7 7.0 Promote the integration of land use and transportation**
 - 7.1 Ensure the design and use of the public realm supports this By-law's vision for Corridors.
 - 7.2 Ensure the design of Corridors encourages the use of the frequent transit service provided on routes in the Primary Transit Network as well as connections to the feeder network.

Urban Mixed Use Corridors – Goal 1, 3 and 7 Policy Alignment:

- The proposal provides modest residential intensification with a proposal in Phase 1 for two (2) 3-storey six (6) unit multi-family buildings that are compatible and sensitive to the existing context.
- The new development for Phase 1 (Building #1 and Building #2) broadly provides an attractive public realm using minimal building setbacks and visually appealing building designs, to fit with the street corner and the neighbourhood context.
- The total of 12-unit multi-family dwellings for Phase 1 (Building #1 and Building #2) encourages the use of transit on a well-used Corridor.

ADDITIONAL CONSIDERATIONS

Variances

- The proposal also requires a Variance application for building setbacks, parking, and pedestrian route related Variances (**see Report for DAV 24-203923\ID**).
- The Report recommends ***approval in part***.

Public Works

- Public Works Department (PWD) indicates the following:
 - Lane Widening
The Developer shall, at no expense to the City, legally open property required for a 1.154 m widening to the existing north-south public lane right-of-way along the full length of the Planned Area abutting the existing north-south public lane, to the satisfaction of the Director of Public Works.
 - Lane Paving
The Developer shall, at no expense to the City, construct, within the north-south public lane 6.0-m-wide Portland cement concrete pavement along the full length of the Planned Area, and all related works including but not limited to an appropriate

transition, land drainage sewer if required, and relocation of the existing wooden poles, all as determined by and to the satisfaction of, the Director of Public Works.

- Private Access

No vehicular access to Henderson Highway. Access should be planned from the abutting public lane. As part of the development permit process, the Developer will be required to remove existing private approach(es) and restore the curb, boulevard, and sidewalk.

- Boulevards

The Developer shall, at no expense to the City, sod, and plant trees on, all boulevards within and fronting on the Planned Area, all in accordance with City specifications and guidelines and, where required, with concept plans prepared by the Developer and submitted to, and approved by, the Director of Public Works.

Site Servicing

- An Administrative Coordinating Group (ACG) Report (**see Appendix “B”**) is associated with this Development Application.
- The Water and Waste Department (WWD) advises there is adequate servicing to support the proposed land use.

Pedestrian Walkway

- The Fire Department requires a pedestrian walkway/route to the principal entrance of each building from Henderson Highway for access.

RECOMMENDATION

The Urban Planning and Design Division recommends **approval with conditions** of the Subdivision and Rezoning application for the following reasons:

- The application is broadly consistent with policies and design guidelines in *OurWinnipeg 2045, and Complete Communities Direction Strategy 2.0*.
