

APPENDIX B

REPORT OF THE ADMINISTRATIVE COORDINATING GROUP

RE: PROPOSED REZONING OF LAND LOCATED AT 375 OAKDALE DRIVE

It is recommended that approval of DAZ 221/2025, if granted, be subject to the applicant entering into a Servicing Agreement, if required, containing the following conditions:

Section I – General Comments

1. The Water and Waste Department (WWD) has advised that there is water servicing capacity to support the proposed land use. If the development plans change, WWD will need to review the revised proposal.
2. As part of the previous consolidation of the site (DASSF 522/2023), Administration determined that the proposed development was consistent with the existing zoning and did not benefit from the upgraded wastewater sewer and water main. The newly proposed rezoning, however, derives benefit from the wastewater system improvements and may also benefit from the water main. Accordingly, it is recommended that the Developer contribute their proportional share of the associated servicing costs.
3. The proposed private approach to Oakdale Drive is non-conforming, as the Private Access Bylaw requires the approach to be located a minimum of 3.0 metres from the adjacent lot line. Public Works recommends that the applicant review the most recent version of the Private Access Bylaw and redesign the proposed approach to ensure compliance. The bylaw and additional information can be found via the following link: <https://legacy.winnipeg.ca/publicworks/permitsApprovals/approaches/commercialApproach.stm>

Section II - Servicing Conditions

1. Water Main

The Developer shall pay to the City, in cash, on demand, if required, their share of the water main installed by others in Oakdale Drive, as determined by and to the satisfaction of the Director of Water and Waste.

2. Wastewater Sewers

The Developer shall pay to the City, in cash, prior to the final release of agreements by the City, their share of the wastewater sewer installed by others in Oakdale Drive, as determined by and to the satisfaction of the Director of Water and Waste.

3. Traffic Control Signals Grant Avenue and Oakdale Drive

The Developer shall, pay to the City, in cash, their share of the costs associated with the removal of the existing pedestrian corridor and installation of the appropriate traffic control signals and all related works including, but not limited to, pedestrian and vehicular actuation and interconnection to adjacent traffic-control signals, countdown and audible pedestrian signals at the intersection of Grant Avenue and Oakdale Drive, all as determined by and to the satisfaction of the Director of Public Works.

Section III – Costs and Fees

1) By-laws and Approvals
