## EXECUTIVE SUMMARY

On June 5, 2025, Council adopted a new Zoning By-law Schedule AC (Development Requirements for Low Density Infill). At the time, Council directed the Public Service to review the Schedule AC process and provide total number of applications approved under this process and report back within six months.

As of the third week of November, development permits have been issued for five projects.

There are no changes proposed to the process.

## RECOMMENDATIONS

That this report be received as information.

## REASON FOR THE REPORT

At the June 5, 2025, meeting, Council concurred in the recommendation of the Winnipeg Public Service, as amended, and adopted the following:

4. That the Director of Planning, Property and Development be directed to:

    A. Review the process (Schedule AC) and total number of applications approved under this process and report back within six months.

## IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications associated with receiving this report as information.

## DISCUSSION

The new Zoning By-law Schedule AC was adopted as By-law on June 26, 2025. As of the third week of November, just over five months have elapsed since the new By-law was adopted and there have been five development permits issued.

The five development permits issued are as follows:

| Address | Neighbourhood | Type | Number of Units |
|---|---|---|---|
| 11 Inman Ave | Varennes | New build | Duplex |
| 693 & 695 Rosedale Avenue | Lord Roberts | New build | Duplex |
| 226 Young Street | West Broadway | Conversion – Single to Two Units | Duplex |
| 735 Dudley Avenue | Earl Grey | New build | Duplex |
| 167 Berrydale Avenue | St. Vital | New build | Two Duplexes – 4 Units Total |

The process for obtaining a development permit under Schedule AC is the same as obtaining a development permit for any other development.

1. Applications can be made online or via e-mail.

2. Once the application is received, it is checked for completeness. This happens within 20 days of receipt of the application. If the application is complete, and fully compliant with the Zoning By-law, a development permit will be issued.

3. If it is not complete, the applicant will be notified and advised what additional information is required.

4. If a development application is required, such as a variance or plan approval, this must be approved before the development permit can be issued.

Schedule AC reviews currently take staff approximately three-four hours to complete. The same projects prior to Schedule AC took approximately 15-30 minutes to complete. Over time, as staff become more familiar with the new regulations, the review time is expected to decrease.

There are no changes proposed to the process at this time.
