1. You were reminded that your infrastructure will not support the population you seek. Until you fully fund and accelerate the separation of combined sewers you will pollute the river and overload the treatment plant.
2. Has any center plan met all its promises? You do not have extra millions to spend. The BIZ can spend more wisely than you, and is actually paid for by those who benefit. Stop this waste of our money. You are out of money. Voters know this. Most voters do not want big new spending.
4. For many years Winnipeg has been told that your development process is a mess. It is good to see a report that agrees. The problems that are systemic and have been known for years.... why were they not corrected long ago? Whose fault is the fact that none of this has yet been fixed?
