EXECUTIVE SUMMARY

This report is for the award of a contract with GFL Environmental Inc. (GFL) and Municipal Waste Management Ltd. (MWM) for the Garbage Cart, Recycling Cart and Yard Waste Collection Contract.

The contract splits the City into two service Areas and bidders submit separate prices for each Area. Contractors can only be awarded one of the two areas (so each area will be serviced by a different contractor). GFL was the low bidder for each Area and MWM was the second lowest bidder for each Area.

This report recommends Area One be awarded to MWM and Area Two be awarded to GFL. This provides the best combined value to the City. The projected annual cost for both Areas combined is $37,010,797.10 for year one of the five-year term. For context, the projected annual cost for the last two years of the existing contract was $38 million (for 2025) and $42 million (for 2026).

The recommendations of this report are compliant with the Purchasing Policy and applicable trade agreements.

RECOMMENDATIONS

1. That a contract for Request for Proposal No. 896-2024 be awarded to Municipal Waste Management Ltd. for Area One, the proponent that submitted the second most advantageous offer meeting the specifications, in the amount of $19,659,728.50 per year (GST and MRST extra as applicable and subject to an annual inflationary adjustment), for work that includes the collection of Garbage, Recycling, Yard Waste and Surplus Waste generated in the City of Winnipeg for the period from February 1, 2027, to January 31, 2032.

2. That a contract for Request for Proposal No. 896-2024 be awarded to GFL Environmental Inc. for Area Two, the proponent that submitted the most advantageous offer meeting the specifications, in the amount of $17,351,068.60 per year (GST and MRST extra as applicable and subject to an annual inflationary adjustment), for work that includes the collection of Garbage, Recycling, Yard Waste and Surplus Waste generated in the City of Winnipeg for the period from February 1, 2027, to January 31, 2032.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing.

REASON FOR THE REPORT

The award of a multi-year contract greater than $10 million, for which there are not yet funds approved by Council, must be authorized by Council in accordance with Section B8.2.2 of the City of Winnipeg Purchasing Policy F1-003.

On December 18, 2025, Council concurred with the recommendation of the Executive Policy Committee and adopted the following:

1. That the Public Service be directed to:
    A. Proceed with the bids on private collection of garbage, recycling and leaf and yard waste collection only, for commencement in 2027.

IMPLICATIONS OF THE RECOMMENDATIONS

This recommendation involves two separate multi-year contracts – a contract for Area One and a contract for Area Two. The duration of each respective contract will commence upon contract award, and each respective contract requires that the collection and delivery of garbage, recyclables, yard waste and surplus waste (and other work) commence and continue for the period from February 1, 2027, to January 31, 2032, with the option of two mutually agreed upon one-year extensions.

Funding for the collection of garbage is included in the Annual Current Estimates Account No 001 521083 201912 999 for Area One and 001 521090 201912 999 for Area Two.

Funding for the collection of recycling is included in the Annual Current Estimates Account No. 445 521025 201907 999.

Funding for the collection of yard waste is included in the Annual Current Estimates Account No. 445 521096 201906 999.

HISTORY / DISCUSSION

The work of this contract consists of the collection of curbside Garbage, Recycling, Yard Waste and Surplus Waste generated in the City of Winnipeg, described as Area One and Area Two, entitled to such services as governed by the Solid Waste By-law. Extra Work and Additional Work Outside the Area.

Collection of Garbage and Recyclables is by automated and/or semi-automated cart collection. Collection of the Yard Waste and Surplus Waste is by manual collection, with Yard Waste collection on a bi-weekly schedule from April to November, weather permitting.

The Request for Proposals (RFP) for Garbage Cart, Recycling Cart and Yard Waste Collection was advertised on the MERX Canadian Public Tenders on December 8, 2025, and closed on January 23, 2026.

A total of four Proposals were received from various proponents.

A selection committee, comprised of three representatives from the Solid Waste Services Division, reviewed the proposals using the Purchasing Standard Scoring Matrix spreadsheet.

The proposals were evaluated based on the following criteria, as set out in Section B24 of the RFP:

(a)	compliance by the Proponent with the requirements of the Request for Proposal or acceptable deviation therefrom:	(pass/fail)
(b)	qualifications of the Proponent pursuant to B18:	(pass/fail)
(d)	Total Bid Price; (Section B)	40%
(e)	Experience of Proponent; (Section C)	20%
(f)	Experience of Key Personnel Assigned to the Project; (Section D)	10%
(g)	Project Understanding and Methodology (Section E)	20%
(h)	Project Schedule. (Section F)	5%
(i)	Social Procurement Questionnaire (Section G)	2.5%
(j)	Environmental Procurement Questionnaire (Section H)	2.5%

Applying rating criteria defined in the RFP, each member reviewed and scored each proposal independently. The consensus ratings were then calculated and are shown in Table 1 – Summary and Appendix A: Consensus Matrix Area One, and Table 2 – Summary and Appendix B: Consensus Matrix Area Two.

GFL was the low bidder for each Area, with MWM being the second lowest bidder for Area 1.

MWM's proposal received the second highest overall score of 89.29 out of a maximum score of 100.00 for Area One. GFL Environmental received the highest overall score with 95.80 out of a maximum of 100.00 for Area Two.

As per B25.4 of the RFP, the City intends to award a Contract for each Area to separate Proponents.

As per B25.5 of the RFP and further to B25.3, should a Proponent submit the most advantageous offer for both Areas, such Proponent will not be awarded a Contract for both Areas despite having submitted the most advantageous offer for both Areas. Such Proponent shall be awarded a Contract for one Area only, and the City, in its sole discretion, shall determine which Area, in the City's best interests, that is to be awarded to such Proponent.

As per section B22 of the bidding procedures, an interview with MWM was scheduled and completed on February 3, 2026, to confirm their proposed collection vehicle procurement plan as well as to confirm the experience of the key personnel and support staff assigned to complete the scope of work and the contract obligations.

Solid Waste Services of the Water and Waste Department are satisfied that the Proponents for Area One and Area Two have the necessary resources to perform all of the work in accordance with the requirements of the specifications. The Proponents have satisfactorily carried out previous works of a similar nature.

The recommended Proponent for Area One, MWM, has a Certificate of Recognition (COR) provided by the Construction Safety Association of Manitoba, Certification No. 42106-11.

The recommended Proponent for Area Two, GFL, has a COR provided by the Manitoba Heavy Construction Association's WorkSafely Program, Certification No. MH230622G.

The Public Service recommends awarding the contract for Area One to MWM for the Contract duration of February 1, 2027, to January 31, 2032, for a cost of $19,659,728.50 per year, GST and MRST extra, as applicable, as well as any annual growth and inflationary adjustments.

The Public Service recommends awarding the contract for Area Two to GFL for the Contract duration of February 1, 2027, to January 31, 2032, for a cost of $17,351,068.60 per year, GST and MRST extra as applicable as well as any annual growth and inflationary adjustments.

The Public Service recommends that contracts be awarded to MWM and GFL, submitting the most advantageous offers to the City, at an estimated annual cost of $37,010,797.10, GST and MRST extra as applicable.

The estimated maximum contract value presented on the table below includes growth and inflationary adjustments.

Contract Year (2027 – 2032)	ESTIMATED TOTAL COST (including maximum allowable price adjustments of 5%, on start date and annually thereafter)
1*	$37,010,797.10
2	$38,861,336.96
3	$40,804,403.80
4	$42,844,623.99
5	$44,986,855.19
TOTAL	**$204,508,017.04**

** Prices will be adjusted according to D26 of the RFP*

The table below compares the first year of the new contract to the prior contract extension award. Pricing accounts for the difference in contract terms and actual payments made may vary to award based on growth, inflation and customer response to diversion initiatives. The new contract term was designed to align with future programming changes.
