RECOMMENDATION

The Public Service requests that an extension of up to 90 days be granted to report back on the following:

1. An update on the results of the Pedestrian Scramble Pilot at the intersection of King Street and Bannatyne Avenue

REASON FOR THE EXTENSION

A pedestrian scramble pilot was implemented at King Street & Bannatyne Avenue in June 2025. A public survey was created to collect feedback on the pilot over a one-year period and was advertised to close at the end of May 2026. The extension allows time to evaluate all public feedback and to complete an assessment of the pedestrian scramble pilot over the originally identified pilot period.
