EXECUTIVE SUMMARY

The Public Service recommends changes to the Community Groups Occupying City-owned Facilities By-law No. 89/2005 (the "By-law"). The By-law allows groups that use City-owned property to not pay property tax.

The changes include:

- an updated list of non-profit groups that use City properties; and
- clarification that the Director of Planning, Property and Development must update the list when needed.

RECOMMENDATIONS

1. That the Community Groups Occupying City-owned Facilities By-law No. 89/2005 be amended per the draft amending by-law attached to this Report as Appendix A.

2. That the Proper Officers of the City be authorized to do all things necessary to fulfill the intent of the foregoing.

REASON FOR THE REPORT

In accordance with By-law 89/2005, this report is being submitted to Council for consideration.

Council approval is required to amend City by-laws.

IMPLICATIONS OF THE RECOMMENDATIONS

Subject to approval of these recommendations, the list of occupiers in Section 2 of the By-law will be current and consistent to the intent of the By-law.

HISTORY/DISCUSSION

Properties owned and occupied by the City are exempt from municipal and school taxes pursuant to the Provincial Municipal Assessment Act (the “MAA”).

In 2000, the City requested the Province of Manitoba amend the MAA to provide exemptions for City-owned properties that were occupied by non-profit groups operating community centres.

In 2004, the Province of Manitoba amended the MAA to allow for tax exemptions for City-owned properties where a community hall, community recreation area, community centre or community rink is occupied by a non-profit organization. The amendment is only applicable where the organization and properties are identified by a municipal by-law. The Public Service prepared a list of properties and occupiers for exemption, which was initially approved by Council on April 27, 2005. The Community Groups Occupying City-owned Facilities By-law No. 89/2005 (the “By-law”) has not been updated for several years as additions to the City’s rental portfolio have been limited. The majority of the By-law changes are a result of expired leases and corrections to the names of organizations. In some cases, satellite facilities were not originally named in the By-law.

The draft amending By-law, attached to this report as Appendix A, contains the proposed revisions. The proposed revisions include the removal of museums as they are already exempt through different sections of the MAA.

On a go forward basis, the By-law list of properties and occupiers for exemption will continue to be updated by the Director of the Planning, Property and Development Department each time a new lease or license is approved to keep the list current.
