To properly inform the public and Council, this item should have included a map, and explanation of the changes planned. To most of us CONSULTATION would include more than with a city lawyer.
Much of the justification is surprisingly misleading. How does a loop trail reduce traffic congestion?

3: Money not spent is a good thing. Anyone who tries to spend it elsewhere misses the point of budgets and of being prudent with tax dollars.
4. You will be making big changes to my favourite park. You have utterly failed to be open about these plans. You owed us consultation, but we don't even get a map of your changes. Why the secrecy?
