5. Spending because we can. Did this work? This report does not explain how throwing tax dollars around was to bring our economy back to 2019 levels. Where is the evidence that the public was consulted, before this program was executed? This was only $17m, but it is a symptom of imprudent spending of tax dollars. That those in power see nothing wrong with this should bother voters and supporters alike. Will we see a functional-audit report on this program?
