DISCUSSION:

Notice of the property acquisitions will be circulated among various City Departments to identify any possible civic need. In the event that no civic need is identified (and in accordance with current practice), notice of these property acquisitions will be given to the Winnipeg Housing and Homelessness Initiative to determine whether any of these properties can be used in conjunction with that Program.

In the event these properties are of no interest to the Winnipeg Housing and Homelessness Initiative, they will be available for purchase by the general public. These properties, however, are not considered highly marketable and, therefore, it is likely that the costs incurred by the Land Operating Reserve Account will not be recoverable.
