Warmist propaganda: Staff say that this PR campaign intends to be 'transparent'. Have any of you compared previous city PR campaigns with all the facts of those matters? Have any of you noticed the bias?

There is a reason that most residents are unaware of the city's climate actions and the money wasted in that way. They have more significant worries in their lives.

Public engagement (optional)

I consent to being contacted to participate in potential public engagement related to this matter.

Yes
