Message:

I used to live in Manitoba, but I am now currently residing in Japan. This is just a comment of opposition to the proposed amendment to the Winnipeg Plan 2020. I sincerely hope that the Mayor and city council do no allow development of Waverly West. Attention needs to be the city's core. Higher density should be encouraged rather than urban sprawl, which will lead to higher maintenance costs in the future. Let's get more people living in the downtown. Let's get more high rise apartments and condos. As a young Manitoban I want to see Winnipeg's core become a more exciting and vibrant place to live work and play. There are numerous projects underway which are steps in the right direction. Let's continue moving forward! When I return to Winnipeg I don't want to live in the suburbs. (please respond by email as the address entered above is no longer valid)

Thank you for your time

Sincerly, Jared Dano
