I wholeheartedly support this motion. It has been a long-time coming. Our city has consistently lagged behind other cities in everything “environmental.” Adopting policies that will protect waterways has not “scared off development” - as proven in other jurisdictions that have already implemented strong policies to protect their waterways. In fact, such policies have contributed to making cities more desirable. Bravo to Councillors Gilroy and Mayes for bringing this forward.

Public engagement (optional)

I consent to being contacted to participate in potential public engagement related to this matter.
