

Minutes – Council – June 25, 2026

Minute No. 379

Report – Standing Policy Committee on Water, Waste and Environment – June 15, 2026

Item No. 4 Climate Communications Campaign for Transparency and Action

COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Water, Waste and Environment and adopted the following:

1. That the Winnipeg Public Service be directed to work with the Climate Action and Resilience Committee through an Action Team to co-develop a climate change communications strategy and materials to communicate what the City is doing on climate change and connect with community experiences.
2. That the Climate Action and Resilience Committee spend up to \$5,000 to engage a climate change communications consultant to provide advice on the campaign.
3. That the Climate Action and Resilience Committee spend up to \$10,000 to support content creation and distribution for the campaign to expand on the standard methods the City of Winnipeg uses.
4. That the costs for a consultant, content creation and distribution for the campaign be funded through the Climate Action and Resilience Committee 2026 budget for consulting services.
5. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Minutes – Council – June 25, 2026

Report – Standing Policy Committee on Water, Waste and Environment – June 15, 2026

DECISION MAKING HISTORY:

Moved by Councillor Eadie,

That the recommendation of the Standing Policy Committee on Water, Waste and Environment be adopted.

Carried

Councillors Duncan, Lukes and Wyatt were absent from the vote on the above motion.

David Grant submitted a communication in opposition to the matter.

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On June 16, 2026, the Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Water, Waste and Environment and submitted the matter to Council.

STANDING COMMITTEE RECOMMENDATION:

On June 15, 2026, the Standing Policy Committee on Water, Waste and Environment concurred in the recommendation of the Climate Action and Resilience Committee and submitted the matter to the Executive Policy Committee and Council.

COMMITTEE RECOMMENDATION:

On May 21, 2026, the Climate Action and Resilience Committee passed the following motion:

WHEREAS the Community Energy Investment Roadmap (CEIR) identifies Program 12 – Communications, as an important component of climate action for storytelling, and building community support for challenging climate actions;

AND WHEREAS the Climate Action and Resilience Committee (CARC) mandate includes promoting communication and involvement between the City and the community;

Minutes – Executive Policy Committee – June 16, 2026

Report – Standing Policy Committee on Water, Waste and Environment – June 15, 2026

DECISION MAKING HISTORY (continued):

COMMITTEE RECOMMENDATION (continued):

AND WHEREAS in April 2025 Probe Research presented *Views on the City's Climate Change Efforts* findings from a public opinion poll of Winnipeggers, identifying:

1. 77% of Winnipeggers express concern about climate change;
2. 81% of respondents are unfamiliar with what the City of Winnipeg is doing to prepare for and respond to climate change;
- 3 49% of Winnipeggers say they are unsure if the City of Winnipeg's actions to address climate change are making a positive impact; and
4. 69% of Winnipeggers agree that climate change should be part of every decision City Councillors make.

AND WHEREAS the Prairie Climate Centre promising practice research recommendations in *Methods to Align Actions with Climate Targets* (2025) identifies:

- “4. Increase climate literacy and training for all municipal employees to embed climate action across city operations;”
- “9. Increase public awareness and education through effective online communications strategies;”

AND WHEREAS sharing information on what the City is doing on climate change can increase the public's level of awareness and participation in climate action;

AND WHEREAS the Senior Management Team Climate Steering Committee approved development of an Action Team to co-develop a climate change communications strategy and materials to communicate what the City is doing on climate change and connect with community experiences.

AND WHEREAS the CARC's Sub-committee and Working Group Guidelines specify that the CARC budget can be used to support the sub-committee or working group functions, as needed.

Minutes – Executive Policy Committee – June 16, 2026

Report – Standing Policy Committee on Water, Waste and Environment – June 15, 2026

DECISION MAKING HISTORY (continued):

COMMITTEE RECOMMENDATION (continued):

AND WHEREAS the Winnipeg Climate Action Plan provides annual activity reports and the Climate Action and Resilience Committee shares quarterly activity reports, the level of familiarity and positive impact of the work with Winnipeggers remains limited.

AND WHEREAS the Winnipeg Climate Action Plan update and development of a resilience strategy includes a communications strategy for public engagement, it is not intended to share information on broader municipal climate change topics.

AND WHEREAS information shared in a more accessible way, provides transparency, builds awareness, informed participation, and can counter misinformation;

THEREFORE BE IT RESOLVED that the following be recommended to the Standing Policy Committee on Water, Waste and Environment:

1. That the Winnipeg Public Service be directed to work with the Climate Action and Resilience Committee through an Action Team to co-develop a climate change communications strategy and materials to communicate what the City is doing on climate change and connect with community experiences.
2. That the Climate Action and Resilience Committee spend up to \$5,000 to engage a climate change communications consultant to provide advice on the campaign.
3. That the Climate Action and Resilience Committee spend up to \$10,000 to support content creation and distribution for the campaign to expand on the standard methods the City of Winnipeg uses.
4. That the costs for a consultant, content creation and distribution for the campaign be funded through the Climate Action and Resilience Committee 2026 budget for consulting services.
