EXECUTIVE SUMMARY

Unique Home Improvements & Reno Corp. owns 879 Isbister Street. The landowner plans to construct a two-storey multi-family dwelling with four units. An extension of the land drainage sewer on Isbister Street is needed.

An Agreement for Services with the landowner is required to extend the sewer. The agreement will explain the obligations related to the land drainage sewer works.

Under the agreement, Unique Home Improvements & Reno Corp. will pay for all the land drainage sewer works.

RECOMMENDATIONS

1. That the Proposed Terms and Conditions for an Agreement for Services, attached hereto as Appendix A, in favour of Unique Home Improvements & Reno Corp., to construct and install land drainage sewer, be approved.
2. That the City enter into, execute and deliver an Agreement for Services, pursuant to Section 211 of the City of Winnipeg Charter, with Unique Home Improvements & Reno Corp., in accordance with the terms set out in the attached Proposed Terms and Conditions document (Appendix A), and to fulfill all the requirements outlined in the Proposed Terms and Conditions document, and such other terms and agreements as are determined necessary by the Director of Legal Services and City Solicitor to implement the intent of the foregoing (the "Ancillary Agreements").
3. That authority be delegated to the Chief Administrative Officer to negotiate and approve the Terms and Conditions of the Agreement for Services and the Ancillary Agreements in

accordance with this report and such other terms and conditions as deemed necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.

4. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Entering into an Agreement for Services requires Council approval.

IMPLICATIONS OF THE RECOMMENDATIONS

Concurrence with the recommendations will enable municipal land drainage servicing conditions to be applied to the development of the property located at 879 Isbister Street. The landowner, Unique Home Improvements & Reno Corp., is responsible for all costs associated with undertaking the municipal land drainage sewer works.

HISTORY/DISCUSSION

In November 2025, the Water and Waste Department (WWD) received a development permit application for the proposed two-storey multi-family dwelling with four units at the Land. Through the WWD's review of this permit application and related correspondence, WWD determined that the construction and installation of land drainage sewer on Isbister Street (the "LD Works") were necessary. The LD Works are needed to align with Winnipeg Zoning By-law 200/2006 Schedule "AC" Section 3.1(1), which requires that a four-unit dwelling in an R1 zoning district receives a full range of municipal services, which includes piped land drainage, wastewater and water services.

No subdivision or rezoning application conditions apply to the Unique Home Improvements & Reno Corp. development proposal. The appropriate mechanism for undertaking the LD Works is for the City and Unique Home Improvements & Reno Corp. to enter into an agreement under Section 211 of the City of Winnipeg Charter, which would apply important obligations related to undertaking the LD Works. Section 211 permits the City to enter into agreements with any person to provide services in the City.

On January 26, 2026, Unique Home Improvements & Reno Corp. confirmed by email that it intends to proceed with the LD Works under an Agreement for Services, subject to Council approval. On April 13, 2026, Unique Home Improvements & Reno Corp. agreed to the Proposed Terms and Conditions (the "TCs") related to the LD Works, which are attached as Appendix A to this report. The purpose of the TCs is to outline the common understanding of the City and Unique Home Improvements & Reno Corp. regarding Unique Home Improvements & Reno Corp.'s obligations in undertaking the LD Works.

Unique Home Improvements & Reno Corp. is responsible for all costs associated with undertaking the LD Works, including the cost of engineering services. After completion of a warranty period, the City will be responsible for the land drainage sewer and appurtenances thereto.
