Hello,

I live directly across from the Aubrey bus loop, it is right outside my living room window. I am in favour of keeping the loop as a green space. The loop is already well used by the community; every day I see kids playing catch, people playing with their dog, or relaxing on the grass. To all of the apartment complexes nearby on Wolseley Ave, this is their front lawn. There are individuals who regularly exercise and do yoga there. It's already a well loved and much used space as it is. There is limited green space in our downtown community, so I feel we must value and protect what we already have. To the community and those around us, that space is already considered part of the neighboring park. Aubrey is a quiet street with already limited parking, we cannot support any additional housing units. I hope you will please allow our community to retain the greenspace. I think adding garden boxes for the nearby apartments would be a great idea as well! Thank you very much for considering my opinion.

**Public engagement (optional)**
