Redeveloping the former Aubrey bus loop into a multifamily residential and daycare development presents a rare opportunity to address two significant community needs within an established Wolseley neighbourhood. There is currently a shortage of daycare spaces in the community, resulting in many families having to travel outside the neighbourhood to access childcare. The property's location, within walking distance of both Little Blue Stem School and École Laura Secord, makes it particularly well suited for a daycare location and an opportunity for such an ideal location would rarely come up again.
