EXECUTIVE SUMMARY

Winnipeg Habitat for Humanity Inc. ("Habitat") submitted an Offer to Purchase the City's land shown as "Subject City Property" on Misc. Plan 16104/1 (attached hereto as Schedule A), in the amount of \$50,000.00. Habitat plans to develop an affordable home for a family of seven.

The Public Service recommends a sale to Habitat for \$50,000.00 to ensure project affordability and in support of the affordable housing initiative.

This sale aligns with the City's policy to create more affordable housing.

The Ward Councillor has been notified.

RECOMMENDATIONS

1. That the sale of City-Owned property located at 1130 Somerville Avenue, identified as "Subject City Property" shown in Misc. Plan 16104/1 (attached hereto as Schedule A) to Winnipeg Habitat for Humanity Inc. for a purchase price of \$50,000.00, be approved.
2. That the City enter into, execute and deliver an Offer to Purchase Agreement with Winnipeg Habitat for Humanity Inc. and any such other agreement determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").
3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Pursuant to the "Real Estate – Declaration as Surplus and Sale of Property" adopted by Council on September 29, 2021, and amended on July 22, 2024, approval by the Standing Policy Committee on Property and Development, is required for all Sales, Land Exchanges and Sale

settlement claims in excess of \$700,000.00 or where the sale price is less than 80 percent of the Appraised Value.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations in this report are approved, the Public Service will enter into an Offer to Purchase with Habitat for Humanity based on the terms and conditions in the Proposed Sales Terms Sheet, attached as Schedule B. The sale is expected to close in the third quarter of 2026.

The City's standard terms and conditions of sale will include provisions to protect the City's interests in the event that environmental contamination is discovered.

The sale supports the City's initiative for the development of affordable housing and reduces the City's ongoing carrying costs for the Subject City Property.

HISTORY/DISCUSSION

The Subject City Property identified on Misc. Plan 16104/1 (attached as Schedule A) was acquired via Tax Sale (126/50) on December 10, 2024, and is under the jurisdiction of Planning, Property and Development. The current inventory cost is \$95,344.12. The Subject City Property is currently developed with a single-family residence.

The Subject City Property was circulated to all City Departments, and no civic need was identified. As a result, the Manager of Real Estate and Land Development declared the Subject City Property as surplus to the City's needs on October 21, 2025.

The Public Service procured an appraisal which indicated a market value of \$420,000 with the highest and best use as residential single-family.

The property was marketed for 30 days ending on December 19, 2025, exclusively for Non-profit / Affordable Housing providers. One offer was received from Winnipeg Habitat for Humanity Inc. ("Habitat") for a price of \$50,000.00.

If Habitat acquired the Subject City Property it would enable them to provide housing for a large family. Habitat constructs and renovates affordable homes for low-income families with a unique mortgage model that keeps housing costs at 27 percent of a household's net income. With the purchase price of \$50,000.00, Habitat would renovate the Subject City Property to improve its efficiency and suitability as affordable housing.

The Public Service recommends the sale of the subject property at a price of \$50,000.00 to Habitat. The sale is considered to represent best value to the City as it supports section 3.4 of the Strategic Priorities Action Plan. If the recommendations in this report are approved, the Public Service will enter into an Offer to Purchase with Habitat based on the terms and conditions in the Proposed Sales Terms Sheet, attached as Schedule B. The sale is expected to close in the third quarter of 2026.
