REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

On October 5th, the LSWK Community Committee considered DASZ 29/2004, an application to subdivide and rezone a parcel of land on the north side of Templeton Avenue east of Diplomat Drive. The Committee laid the matter over and instructed the administration to incorporate the property at 547 Templeton and the portion of Templeton Avenue shown as "Proposed Closing" into the subdivision. This will facilitate an exchange of lands between the applicant and the property owner at 547 Templeton. The reconfigured application was approved by the Committee on November 2nd.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Transfer of Land for $1.00

The area of the streets being created by DASZ 29/2004 exceeds the area of the portion of Templeton Avenue proposed to be closed. In accordance with City policy, the street will be transferred to the applicant for DASZ 29/2004 for the nominal sum of $1.00.

Easements

Manitoba Hydro, MTS and Shaw Cable will require an easement for the maintenance of their plants in the closed street. No permanent structures will be allowed in the area.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be incorporated into the subdivision. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
