ADMINISTRATIVE REPORT

Title: 2025 Single Source Assignments for Consultants, Goods and Services

Critical Path: Executive Policy Committee - Council

AUTHORIZATION

Author	Department Head	CFO	CAO
B. D'Avignon	T. Graham	T. Graham	M. Dryburgh, acting for J. Dunford

EXECUTIVE SUMMARY

The Chief Administrative Officer is required to report annually to Council on:

- Single source assignment of consultant services – Appendix A
- Single source assignments for goods and services exceeding \$100,000 (not including consultants) – Appendix B

Council, Executive Policy Committee (EPC) and the Public Service have certain authorities for approving single source transactions under very strict guidelines. The guidelines are included in the City of Winnipeg's Purchasing Policy F1-003 (the Policy) and apply to all procurement under the Policy.

Effective 2026, for any single source consultant assignment exceeding \$100,000, the report contains:

- a brief description of the consultant service;
- the department/division; and
- approving authority.

The report will still include all single source consultant assignments, regardless of value.

The Report is based on payments/awards during the period of January 1, 2025, to December 31, 2025. It includes the following:

Appendix A:

- For any single source consultant assignment exceeding \$100,000:
 - a brief description of the consultant service, the value, department/division and approving authority.
- For consultant assignments not exceeding \$100,000:
 - the total amount of contract awards per vendor, the value and the total value of all single source consultant assignments.

Appendix B:

- Awards of single source (non-consultant) contracts, exceeding \$100,000, vendor names, department/division and approving authority and the total value of awards.

This report includes all City Departments.

RECOMMENDATIONS

That this Report, including Appendices, be received as information.

REASON FOR THE REPORT

On March 24, 2004, Council adopted Item 1 of the Report of Executive Policy Committee, dated March 10, 2004, delegating certain authorities from the Policy to the Chief Administrative Officer. The Chief Administrative Officer is required to report annually to Council on the assignment of consultants.

In March 2016, the Public Service was requested to report on the use of single source authority for goods and services (not including consultants), exceeding \$100,000, on an annual basis.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications with receiving this report as information.

HISTORY/DISCUSSION

On September 12, 2018, the Executive Policy Committee (EPC) directed that commencing with the 2018 annual report on single source assignments, the Public Service provides a chart that lists the total amount of contract awards per vendor and the total value of those contracts.

On December 12, 2024, Council concurred in the recommendation of EPC that the Public Service be directed to include the *approving authority* in future reports.

On September 25, 2025, Council concurred in the recommendation of Executive Policy Committee that the Public Service be directed to include that future annual reports on Single Source Assignments for Consultants, Goods and Services include the approving authority and the specific department and division for any single source exceeding \$100,000, including a brief description of the single source.

The Report contains single source procurements approved by:

- Council
- EPC
- SPC
- Public Service

Council, EPC, SPC and the Public Service have certain authorities for approving single source transactions under very strict guidelines. The guidelines are included in section B4 of the Policy and apply to all procurement under the Policy.

The City is subject to various trade agreements that set thresholds for goods and services requiring public solicitation, the most restrictive being:

- \$75,000 for goods and services (including consultants, not including construction)

- \$200,000 for construction

Generally, solicitations beyond the above dollar thresholds require public solicitation.

Attached to this report are Appendices which include the requested detail on single source assignments for consultant and goods and services contracts. The following is a summary of totals for each appendix:

APPENDIX A - Consultant Assignments	\$ 5,822,572.26
APPENDIX B - Goods and Services	\$31,875,426.98

Note:

The City's Purchasing website publishes all tenders issued for goods and services, including approximately \$40 million in publicly tendered Consultant contracts annually.

APPENDIX A - CONSULTANT ASSIGNMENTS

Appendix A includes all payments on single source consultant assignments, and the total value of payments based on the period of January 1, 2025, to December 31, 2025, and includes:

- for any single source consultant assignment exceeding \$100,000:
 - a brief description of the consultant service, the value, department/division and approving authority.
- for consultant assignments not exceeding \$100,000:
 - the total amount of contract awards per vendor, the value and the total value of all single source consultant assignments.

Where the Chief Administrative Officer approves a single source assignment, pursuant to B4.1 (j) (emergency) (not to exceed \$10 million), such approvals shall be reported at least annually.

All over-expenditures on single source consultant assignments are approved by the Chief Financial Officer. In no cases are over-expenditures approved without funds being available in a Council approved budget.

Consultant services are either procured publicly as a Request for Proposal, or they are disclosed on this single source report.

The Mayor and Council consultant expenditures are reported together with all expenditures on a monthly basis on the City's website and, as such, are not repeated in this Report.

APPENDIX B - SINGLE SOURCE ASSIGNMENTS *(not including Consultant Services)*

Appendix B includes all single source (non-consultant) awards exceeding \$100,000, vendor names, department/division, approving authority and the total value of awards based on the period of January 1, 2025, to December 31, 2025.
