---

An application has been received from Qualico Developments Ltd. for approval of a plan of subdivision and related zoning change to Zoning By-Law No. 6400/94 by rezoning the subject lands from an “RM-2” Multiple Family District to a “R1-3.5 ” Single Family District in order to allow for the construction of 29 new single family dwellings.

RELATED FILES: NA

**SITE DESCRIPTION:**

Site Area:
Overall site area totals 5.12 acres.

Existing Land Use and Zoning:
The land is currently vacant and zoned RM-2 Multiple Family.

Surrounding Land Use and Zoning:
North: Lands to the north are a mix of developed R1-4 Residential and some residual A5 Agricultural land.
South: Lands to the south are generally vacant A5 Agricultural lands extending to the perimeter.
East: Lands to the east of St. Anne's are largely undeveloped and zoned A5 Agricultural.
West: Lands to the west are generally developed R1-5 Residential areas and several PR-1 Parks and Recreational areas.

**DEVELOPMENT DESCRIPTION:**

The Developer and applicant proposes to rezone the subject property at the corner of Ravensden and Aldgate Rd. to a single family residential category in order to allow for the construction of 29 new residential homes. The subject parcel is one of the last remaining parcels in this quadrant of Dakota Crossing that hasn't been developed for housing. The lot areas range from 408 sq. metres to over 1300 sq. metres.

**PLAN WINNIPEG:**

The proposed rezoning and use of the land fully complies with Plan Winnipeg Policy for designated neighbourhood areas.

**ADMINISTRATIVE COMMENTS**:

The applicants, Qualico Developments, are proposing to rezone and subdivide the subject 5.2-acre parcel into 29 new single-family lots. Under a previous application, DASZ 21/01, a similar application was made that included a large multiple family site immediately adjacent. That application was approved by Riel Community Committee, but was never completely finalized. As was the case with the previous application, the Administration supports the proposed application subject to all conditions outlined in the report of the Administrative Coordinating Group. It should be noted that the proposed streets were registered previously under DASZ 31/84 and that a number of servicing conditions were also covered previously under Development Agreement AG 31/84. The proposed subdivision is similar in nature to existing adjoining subdivisions recently approved by your Committee immediately to the east and north. It is therefore recommended that your Committee endorse the application as submitted.

**RECOMMENDATION:**

That the plan of subdivision proposed under File No. DASZ 43/03 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 43/03, attached hereto and dated February 17/04, for registration in the Winnipeg Land Titles Office, subject to the following:

A. That the Developer be required to enter into an addendum to Development Agreement AG31/84 with the City containing all the conditions outlined in the report of the Administrative Coordinating Group dated Februray 11, 2004;

That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

That Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File No. DASZ 43/03, attached hereto and dated February 17/04, to an "R1-3.5" Residential District.

That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of this time is applied for prior to the expiry of this twenty four (24) month period and the extension is subsequently approved by Council.

That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

That the subdivision section of the by-law shall come into force and effect upon execution by the City of Winnipeg of the Development Agreement.

That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within 24 months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

Yours truly,
C. Knoll
