REASON FOR THE REPORT:

All street and lane closings within the boundaries of the Downtown Winnipeg area, as defined by By-Law 4800/88, require the consideration of the Standing Policy Committee on Downtown Development.

HISTORY:

The Planning, Property and Development Department has received a request from the North Portage Development Corporation to purchase a portion of Webb Place approximately 10 feet in width between the north limit of the street and the sidewalk. The Corporation has recently received the zoning variance and conditional use permits (By-Law 100/2004) to allow the construction of a condominium on the land between Booth College at 447 Webb and the Raleigh Apartments at 340 Vaughan currently being used as a commercial parking lot. The Corporation owns the parking lot and the apartment block, and they intend to maintain the closed street as yard areas for the two buildings. They have no plans to construct within the closed street.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing. The Transportation Division of the Public Works Department has stipulated that the south limit of the closing be 0.3 metres north of the public sidewalk.

Easement

Manitoba Hydro maintains an underground plant within a portion of the street being closed. The applicant will be required to enter into an easement agreement with Manitoba Hydro to allow access to this plant. No structures will be allowed within the easement area.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be incorporated into the subdivision. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.

Financial Impact Statement Date: February 7, 2005

COMMENTS:

All costs assocaited with this proposal will be borne by the applicant. There is no financial impact.
