STANDING COMMITTEE RECOMMENDATION:

On March 7, 2005, the Standing Policy Committee on Property and Development concurred in the recommendation of the Lord Selkirk-West Kildonan Community Committee and submitted the matter to the Executive Policy Committee and Council.

COMMUNITY COMMITTEE RECOMMENDATION:

On February 22, 2005, the Lord Selkirk-West Kildonan Community Committee concurred in the administrative recommendation and submitted its recommendation to the Standing Policy Committee on Property and Development.

Re: Proposed amendment to Riverbend South Development Agreement AG 20/98

Under the terms of Development Agreement AG 20/98 between the City and Novamet Development Corporation, that Developer is required to install ornamental street lighting and associated works in Murray Avenue from Main Street to the CPR tracks. The Developer has advised the administration that the cost to bury shallow utilities (Hydro, MTS and Shaw) in conjunction with the installation of ornamental street lighting was quite expensive ($160,000.00) and therefore requested that the Developer's obligation to install ornamental street lighting in Murray Avenue be deleted.

The administration has considered the Developer's request and can support the deletion of the ornamental street lighting in Murray Avenue as there currently exists wood poll mounted street lighting.

It is therefore recommended that Development Agreement AG 20/98 between the City and Novamet Development Corporation be amended by deleting therefrom the requirement that the Developer install ornamental street lighting and associated works in Murray Avenue from Main Street to the CPR tracks.
