Dear Ms. Marques:

ZONING AGREEMENT AMENDMENT
Southeast corner Linden Ridge Drive and McGillivary Boulevard
City CentreCommunity
File No. ZAA 20/04

An application has been received from Linden Ridge Development Corporation, to amend the Zoning Agreement affecting the property shown below by amending Clause 3 of the Zoning Agreement to read: "It is understood that Lot 1, Block 1, Plan 42123 shall have a side yard of 6 metres, and Lots 19 to 32 of Block 1, Plan 1, Plan 42123 shall have a rear yard setback of 22.5 metres.

SITE DESCRIPTION:

Dimensions: The subject lot is 131.2 feet deep along the north property line and 121.4 feet deep along the south property line. The lot width is 71.9 feet along the rear property line. The front property line is angular, following the contour of the frontage road.

Site Area: The lot is about 9,405.8 square feet.

Existing Land Use and Zoning: Vacant residential lot zoned "R1-4".

DEVELOPMENT DESCRIPTION:

Figure 1: Air photo of subject site.

The lands are part of the Linden Ridge Community and were initially subdivided down to the block level and rezoned under DASZ 6/97. The Zoning Agreement stipulated a 15 meter (49.2

foot) side yard metre setback from McGillivray Boulevard for any house constructed on the subject lot. The applicant is asking for relief from this requirement.

ADMINISTRATIVE COMMENTS:

The Public Works Department requires a building setback for sound attenuation as McGillivray Boulevard is a Regional Arterial. Currently, the roadway is 2-lane adjacent to the subject site, but will be widened to 4-lane-divided in the future. The Zoning Agreement requires a 22.5 meter (73.8 foot) rear yard setback for houses in Linden Ridge backing onto McGillivray, and a 15 meter (49.2 foot) side yard setback for houses flanking McGillivray. This separation is considered necessary to help attenuate traffic noise. In comparison, the Linden Woods development on the north side of McGillivray provides a landscaped berm, with a width of about 23 meters (75.5 feet), along McGillivray in the right-of-way to provide for sound attenuation.

The Public Works Department is not supportive of this application to reduce the building setback from 22.5 meters (73.8 feet) to 6 meters (19.8 feet). However, in a similar situation in East Kildonan, the Public Works Department recommended a side yard of 10 meters (32.8 feet) adjacent to Gateway which will be four-laned in future. It could be further stipulated that the 10 meters apply to the principal dwelling only (habitable space), which would allow a garage to encroach into the side yard. If your Committee is in agreement with this compromise, the following conditions would apply.

RECOMMENDATION:

I. That the Zoning Agreement Caveat No. 3043577 under file no. DASZ 6/97, dated, May 28, 1997 (By-Law # 7058/97), be amended as by replacing Clause 3 with the following:

3. *It is understood that Lot 1 of the land shall have a side yard of 10 meters to any habitable space in the principal dwelling, and Lots 19 to 32 of the land shall have a rear yard setback of 22.5 meters.*

II. That the City Solicitor be requested to prepare the necessary Amending Agreement to Zoning Agreement DASZ 6/97 (By-Law #7058/97), dated May 28, 1997, as approved in aforesaid Clause I.

III. That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

IV. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Dear Ms. Marques:

ZONING AGREEMENT AMENDMENT
Southeast corner Linden Ridge Drive and McGillivary Boulevard
City CentreCommunity
File No. ZAA 20/04

An application has been received from Linden Ridge Development Corporation, to amend the Zoning Agreement affecting the property shown below by amending Clause 3 of the Zoning Agreement to read: "It is understood that Lot 1, Block 1, Plan 42123 shall have a side yard of 6 metres, and Lots 19 to 32 of Block 1, Plan 1, Plan 42123 shall have a rear yard setback of 22.5 metres.

SITE DESCRIPTION:

Dimensions: The subject lot is 131.2 feet deep along the north property line and 121.4 feet deep along the south property line. The lot width is 71.9 feet along the rear property line. The front property line is angular, following the contour of the frontage road.

Site Area: The lot is about 9,405.8 square feet.

Existing Land Use and Zoning: Vacant residential lot zoned "R1-4".

DEVELOPMENT DESCRIPTION:

Figure 2: Air photo of subject site.

The lands are part of the Linden Ridge Community and were initially subdivided down to the block level and rezoned under DASZ 6/97. The Zoning Agreement stipulated a 15 meter (49.2

foot) side yard metre setback from McGillivray Boulevard for any house constructed on the subject lot. The applicant is asking for relief from this requirement.

ADMINISTRATIVE COMMENTS:

The Public Works Department requires a building setback for sound attenuation as McGillivray Boulevard is a Regional Arterial. Currently, the roadway is 2-lane adjacent to the subject site, but will be widened to 4-lane-divided in the future. The Zoning Agreement requires a 22.5 meter (73.8 foot) rear yard setback for houses in Linden Ridge backing onto McGillivray, and a 15 meter (49.2 foot) side yard setback for houses flanking McGillivray. This separation is considered necessary to help attenuate traffic noise. In comparison, the Linden Woods development on the north side of McGillivray provides a landscaped berm, with a width of about 23 meters (75.5 feet), along McGillivray in the right-of-way to provide for sound attenuation.

The Public Works Department has provided a letter, (dated December 21, 2004) indicating that they will support a minimum sideyard of 8.0 metres (26.24 ft.) to the property line adjacent to McGillivray Boulevard. This 8.0 metre separation must be maintained to the habitable portion of the principle dwelling on this lot.

RECOMMENDATION:

I. That the Zoning Agreement Caveat No. 3043577 under file no. DASZ 6/97, dated, May 28, 1997 (By-Law # 7058/97), be amended as by replacing Clause 3 with the following:

   3. *It is understood that Lot 1 of the land shall have a side yard, (adjacent to McGilliray Boulevard) of 8 meters to any habitable space in the principal dwelling, and Lots 19 to 32 of the land shall have a rear yard setback of 22.5 meters.*

II. That the City Solicitor be requested to prepare the necessary Amending Agreement to Zoning Agreement DASZ 6/97 (By-Law #7058/97), dated May 28, 1997, as approved in aforesaid Clause I.

III. That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

IV. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
