Subject: **Rezone and subdivide two lots into three single family lots.**

Location: **1076 Pandora Avenue**
Legal Description:

Applicant: **Global Homes Ltd.**
Owner: **Global Homes Ltd.**

Recommendation: **Approval**

Report Summary:

- The applicant is proposing to develop three (3) single family residential lots, two fronting George Lawrence Bay and one fronting Pandora Avenue.

- The proposed use and zoning is consistent with the surrounding single family residential lots.
- The proposed lot configuration is consistent with the surrounding neighbourhood.

Site Description

The subject property is zoned "R1-20" Residential District. It includes the property at 1076 Pandora, which is a 'through lot' that fronts on Pandora Avenue and backs on George Lawrence Bay. The subject property also includes a 2.05 metre wide lot that fronts George Lawrence Bay and is adjacent to the east limit of the property at 1076 Pandora.

Adjacent properties include: residential dwellings to the west and east along Pandora Avenue designated "R1-20" Residential Districts; and residential dwellings to the west and east along George Lawrence Bay designated "R1-4".

The subject area is roughly 22,656 square feet with 76 feet of frontage on Pandora Avenue and 80 feet on George Lawrence Bay.

Background

In 2003 the then landowner at 1076 Pandora Avenue West did not be participate in the subdivision / rezoning that created 31 residential lots and George Lawrence Bay along the rear of the property. The City recommended that the applicant amend the proposed plan for DASZ 30/03 by introducing a 2.05 metre wide lot adjacent to the east limit of the privately-owned property at 1076 Pandora. This strip of land would allow the future development of the back lands for 1076 Pandora with similar lot sizes fronting George Lawrence Bay.

Description of the Proposed Development

The applicant is proposing to subdivide the property into three lots. Two new vacant lots will be zoned "R1-4" and front onto George Lawrence Bay. One new lot will retain the existing single family dwelling fronting Pandora Avenue and remain "R1-20". The lots fronting George Lawrence will be 40 feet in width. The lot fronting Pandora Avenue will be 76 feet in width and 12,295 square feet.

Analysis

PLAN WINNIPEG
The proposed concept complies with Plan Winnipeg in that a residential rezoning is allowed in Neighbourhood Policy Areas.

ZONING
The lot fronting Pandora Avenue will be 76 feet in width and 12,295 square feet. The creation of this lot will require a variance for substandard lot area (DAV05-110625D). The Division is supporting the variance application.

Recommendation

The Department strongly supports single family residential use on the subject lands. This proposed infill project is consistent to the surrounding context of single family residential uses in the Mission Gardens Neighbourhood. The influx of new residents with families and children attracted to this area will greatly augment the neighbourhood and the community of Transcona.

The ten (10) percent dedication for land dedication based on the increase in market value of the land and the creation of additional sites will be collected under the Development Agreement.

Recommended Conditions of Approval

1. That the plan of subdivision proposed under File No. DASZ 7/2005 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor, for registration in the Winnipeg Land Titles Office, subject to the following:

    A. That the Developer be required to enter into an addendum to Development Agreement AG 30/03 with the City containing all the conditions outlined in the report of the Administrative Coordinating Group dated February 21, 2004;

2. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

3. That the Winnipeg Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File No. DASZ 7/2005, attached hereto and dated February 22, 2005, to a "R1-4" Residential District

4. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

5. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

6. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

7. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

8. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.
